

RCI ELECTRIC STRIKES TRAINING DAY

**Tuesday, June 23
9:00am - 11:00am
or 1:00pm - 3:00pm
@ IDN-Vancouver**

In this **interactive and hands-on 2-hour training session**, dormakaba certified trainers will cover the basics of all electric strikes – when, where and why to use them; how to choose the right strike for the opening; and the advantages of choosing RCI.

The course will also cover the basics of a strike installation and provide each participant a hands-on opportunity to work through the steps of cutting in an RCI strike.

Course is certified for BICSI CEUs (1 training hour).

Customers who attend the course will be provided a dormakaba swag bag that includes a 6-Series Universal Strike (L65Ux32D).

Course is capped at 10 training spaces per session.

All attendees MUST bring their own tools, as follows:

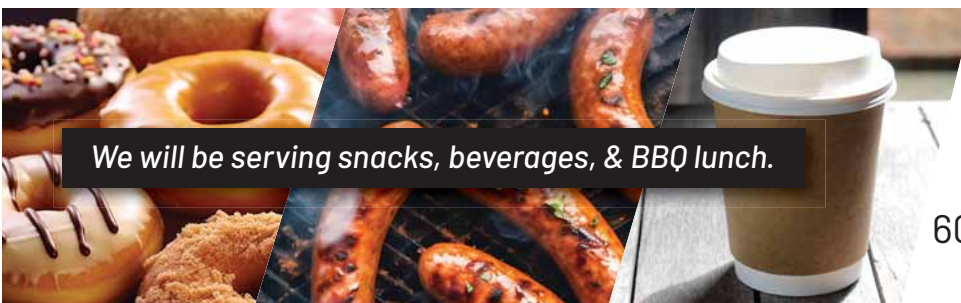

- Drill and Bits
- Jig Saw or Dremel
- Hammer
- Philips Screwdriver
- File
- Punch
- Combination Square
- Pencil
- Gloves

****Hearing and Eye Protection Provided.****

PLEASE R.S.V.P.
to czemenchik@idncanada.ca

Don't miss out! Reserve your spot today as space is limited.

We will be serving snacks, beverages, & BBQ lunch.
