www.mul-t-lockusa.com

Established in 1973, Mul-T-Lock® is a worldwide leader in the developing, manufacturing, and marketing of high security products for Institutional, Commercial, Industrial, and Residential customers. Mul-T-Lock® holds patents for innovative products, which include mechanical cylinders, locks and padlocks, electromechanical and access control locking systems, automatic assembly and key cutting machines, and complementary accessories. With a highly skilled workforce of nearly 600 employees, Mul-T-Lock® factories are fully automated, using state-of-the-art technologies, including robotics and customized machinery, the majority of which is manufactured in-house.

Mul-T-Lock® is a part of the ASSA ABLOY Group, a global leader in access solutions. With a proven track record in helping billions of people experience a more open world for almost 5 decades, Mul-T-Lock® innovates safe, secure and convenient access to physical and digital places. Mul-T-Lock® global presence, our understanding of security needs from all around the world and our dedicated customer support team enable us to offer comprehensive service for our partners and consumers.

We distribute our vast arsenal of field proven, high security solutions in more than 100 countries and are equipped to support over 300 million end users through the auspices of 25K Authorized Service Centers throughout the world. Mul-T-Lock® products comply with the toughest international standards - UL, ANSI, ASTM, CEN, VDS, SKG and many more. Mul-T-Lock® has received many accreditations, including ISO 9001/2000, and ISO 14001, holding true to our commitment to customers and employees.

Attention to product quality and design, as well as outstanding commitment to customer service and support have made Mul-T-Lock® one of the leading companies in the industry and one of the fastest growing high security manufacturers in the world.

ABOUT Mul-T-Lock®

THE BENEFITS OF MUL-T-LOCK® HIGH SECURITY

Patented Key Control

Protected by many international patents and strict, factory key control regulations, Mul-T-Lock® Key Control Systems are designed to prevent unauthorized key duplication. Duplication of Mul-T-Lock® keys is only permissible at authorized service centers and on genuine Mul-T-Lock® key cutting machines.

Pick, Drill and Bump Resistance

Mul-T-Lock® products are designed to withstand various attempts at forced entry. Mul-T-Lock® unique telescopic pin tumbler mechanism will frustrate even the most experienced lock picker. Ten- and eight-pin cylinder designs enhance the level of security by requiring a dual shear line match in order for the cylinder to operate. Plus, each cylinder incorporates hardened steel inserts in strategic areas to offer a high level of drill resistance. In addition, advanced protective elements such as mushroom and split plug pins, interlocking telescopic pins and strict key control procedures virtually eliminate the threat of bumping.

One Key - Endless Possibilities

Mul-T-Lock® manufactures high security locking products to offer the user a level of security which is second to none. Mul-T-Lock® products offer the convenience of a single key design for all of our products. Users will find ease in their capability to open everything from a rim, mortise, or padlock to the deadbolt and knob or lever on their front door, all with a single key. Mul-T-Lock® products can also be incorporated into user-specific keyed different, keyed alike, or master keyed systems that can allow for limited access for specific users, and complete access for others. And taking the concept to the next level still, Mul-T-Lock® Electromechanical Solutions (ELMECH) Platforms create even more opportunities for convenience and control. Users can rely on Mul-T-Lock® solutions to create integrated systems with mechanical, electronic, electromechanical and access control elements exactly where each technology is needed, all while accessing the entire system with just a single key!

Ready for Any Challenge

Mul-T-Lock® prides itself on the manufacturing of comprehensive, creative locking solutions, and unprecedented speed to market. Nearly every component of our product portfolio exists through a need from our customers. Balanced by helpful Sales, Customer Support, determined R&D and Engineering Departments, Mul-T-Lock® is here to satisfy any demand, as fast as we possibly can. No application is too small. No master key system is too large. With our unrelenting dedication to finding the perfect high security solution for all of our customers' needs, Mul-T-Lock® is truly, ready for any challenge!

MUL-T-LOCK® PRODUCT RANGE

Mul-T-Lock® is a global player in the realm of high security locks. Our vast product line extends to locks, padlocks, and cylinders - both domestic and foreign. High security locking solutions for American, Scandinavian, Japanese, and many European locksets, all of which can be incorporated into a single keying system, are just part of Mul-T-Lock® impressive product portfolio.

» ACCESS CONTROL & SMART SOLUTIONS

In addition to our superior mechanical locking systems, Mul-T-Lock® has developed an impressive line of Electromechanical Solutions. CLIQ® e-cylinders offer a wire-free method of bringing convenient key scheduling, refreshing, deactivation, event logs and more to virtually any opening. SMARTair® access control offers fully integrated locking solutions for every application. Plus, keyless entry products and accessories such as the Code Handle® electronic code handle lend user-friendly innovation and efficiency.

» CYLINDERS

Mortise, Rim, and Key in Knob Cylinders headline Mul-T-Lock® comprehensive line of retrofit solutions. Available for a wide range of Residential, Commercial, Industrial, and International locksets, each is designed to offer an affordable upgrade to pick, drill and bump resistance, as well as patented, restricted key control to almost any existing lockset. In addition, Mul-T-Lock® carries Large Format Interchangeable Cores, Mogul Cylinders, and a variety of Profile Cylinders to fit multiple applications.

» DOOR LOCKS

Mul-T-Lock® line of high security door locks has been spearheaded by the unique Hercular® Deadbolt. Utilizing superior strength and ease of installation, the Hercular® Deadbolt has set new standards in high security locking. Constructed of solid brass and hardened steel, the Hercular® deadbolt is recognized by many as the best deadbolt on the market today.

» UTILITY & FURNITURE LOCKS

Mul-T-Lock® offers a multitude of products for those small spaces and specialty areas that require the same level of protection as a front or back door. File cabinets, desk drawers, and storage cabinets may sometimes contain sensitive items, such as classified documents, confidential materials, cash, and pharmaceutical items. So Mul-T-Lock® Cam Locks, Drawer Locks, and Cabinet Locks have been designed to incorporate the core principles of patented key control and the pick, drill and bump resistance inherent in all Mul-T-Lock® products.

» PADLOCKS

Mul-T-Lock® various padlock lines are world renowned, and recognized by many institutions. Whether it's C series, NE series, T series or ARMAD Lock, Mul-T-Lock carries the best solution for almost any padlock application. Also available are many accessories and specialty designs, which provide comprehensive options for special applications.

How To Order

We aim to make ordering simple and convenient for you. You can send your orders and pricing requests to your territory manager or email them to **orders@mul-t-lockusa.com**. For your convenience, there is an order form located in the back of this book on page 194. PDF version of the form can be obtained upon request. You may submit your orders with or without order form; simply be sure to include the following information:

- » Your company name and the point of contact’s first and last name
- » Your customer number (you can find this by referring to your monthly statement or by contacting our office)
- » The complete billing and shipping address for each order
- » All details of the items requested: keyways, finishes, keying variations, size of cylinder if applicable, cams or tail pieces, shackle sizes if applicable, and quantities. Complete model / item numbers where applicable
- » Your preferred shipping method (ground is the standard. If *overnight or *second day is required, you must state it in writing either in an email referencing the order number or directly on your purchase order.)
*Additional charge will be applied for overnight and second day shipping
- » A telephone number & email address where you can be reached

While emailed order submission is preferred, you may also place your orders by contacting your territory manager directly or by calling our customer service department at 1-800-MULTLOCK Monday through Friday 9:00 AM – 5:30 PM Eastern Standard Time. You may also send a fax to 973-778-4007.

Additional Part # Information:

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an “X”. This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case “S”, “B”, and “G” are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- » Use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a “P” after the “X”, “S”, “B”, or “G” in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- » 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- » 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

Mul-T-Lock Keying Options

Dedicated to satisfying customers’ needs, Mul-T-Lock® offers many convenient keying options. These options range from traditional to innovative and are designed to offer convenience, control and peace of mind.

» KEYED DIFFERENT (D)

Each product is operated by only its own key. Keyed Different products are supplied with 2 nylon head keys & 1 key order card per product.

» KEYED ALIKE (A)

Multiple products in a system can be keyed to the same locking combination, allowing just one key to open all of them. Keyed Alike products are supplied with 2 nylon head keys per product if requested & 1 key order card per combination.

» MASTER KEYED (M)

Keys can be issued to open just one, few or all doors, depending upon the key holder’s authorization level. Master keyed products are supplied with 2 nylon head keys per product & 1 master key system card per system (card sent with initial order only—only 1 card per system is issued). When ordering new master key systems, customers must approve layout prior to order processing. When ordering additional products for an existing system, customers must specify the master key system number, part # of products needed, quantity of product(s), keying code for each product and the quantity of keys required per code. Additional labor charges will apply.

» 3-IN-1 KEYING (3IN1)

Lost keys or any circumstances that might require a user to immediately change a lock combination are easily resolved by 3-in-1 keying. Each 3-in-1 product is supplied with 4 nylon head keys (2 green, 1 yellow & 1 red) and one key order card per combination. Initially operated by the green key, if a change is needed, users can simply insert the yellow key and turn it in the lock. This process alone changes the lock combination so that it may no longer be opened by the green key and can be operated by the yellow key only. If the need to change the combination arises again, this process is simply repeated with the red key, nullifying the operating capabilities of the yellow key now and allowing operation only by the red key. Additional labor charges will apply.

» TEMPORARY LOCKOUT (T)

A mechanical key can be temporarily authorized or unauthorized by simply turning one of two user keys in the lock: one key means go, the other says no! Temporary Lockout products are supplied with 3 keys (green, red, and blue) and 1 card per combination. The green (go key) and the red (no key) are for the system owner, the blue (guest key) can be distributed to visitors. The system owner then simply turns the green key in the lock to allow the blue key to open the same door or turns the red key in the lock to lockout the blue key. Owners can lockout and re-authorize the blue key as often as necessary without having to change the lock combination. Great for applications which may require the ability to grant and revoke access for employees, consultants, office temps, babysitters, housekeepers, renovation workers and more on a continued basis. Additional labor charges will apply.

Whether you need to secure doors, cabinets, elevators, or storage units, CLIQ® is a security system that enables the user to program and track key usage: key scheduling, audit trail, and more. CLIQ® keys can be used in mechanical cylinders as well as electromechanical cylinders enabling the customer to have a complete locking solution that is efficient and secure. Virtually all cylinders in MTL™ 800 key platform can be provided as CLIQ®.

FEATURES

- No wiring
- Easy to install
- Schedule access to any door or allow time-limited access
- Compatible with a variety of lock types
- Audit trail report, up to 1000 last events
- Dust/water resistance
- User-friendly web-based software is an option
- Ability to view audit trails, (key history), and update keys from any computer with authorized access
- Multiple programming devices for stationary and mobile key updating

SPECIFICATIONS

- 128AES encryption technology
- Key IP67 rating for dust & water resistance
- Lock IPX8 rating for water resistance and IP68 with special cover for dust
- Operation temperature range: -20°C to 70°C / -10°F to 158°F
- In-Key Battery
- Battery life: 5 years / 20,000 cycles
- Warranty: 2 years
- Programming is performed via software and a programming device
- Software requirements: OS Windows 2000, Windows XP, Server 2000 or Windows Vista

CLIQ® - HOW TO ORDER

TO ORDER A CLIQ® WEB MANAGER SYSTEM, YOU WILL NEED THE FOLLOWING:

- E-Cylinders or E-Locks
- Quartz+ Keys
- C-Key
- Local Programming Device
- Wall or Mobile Programming Device in case Remote Access is required
- System Setup (one-time charge includes license until December 31st of the year purchased)
- Annual CLIQ licensing fee according to system’s size – due January 1st of every year

TO ORDER A CLIQ® LOCAL MANAGEMENT SYSTEM, YOU WILL NEED THE FOLLOWING:

- E-Cylinders or E-Locks
- Quartz+ Keys
- C-Key
- Local Programming Device
- CLIQ® Local Management Software (specify if for single system or multi-system management)

TO ORDER MTL CLIQ® GO SYSTEM, YOU WILL NEED THE FOLLOWING:

- E-Cylinders or E-Locks
- Quartz+ Keys
- R-Key
- Local Programming Device
- CLIQ® Express License
- Cylinder Programming Cable
- Mobile Programming Device is optional

Take a Smartair™ step in security

SMARTair™ access control solutions are user-friendly and fully adaptable for property managers and tenants to be worry-free.

SMARTair's product line includes a wide range of integrated products including escutcheons, knob cylinders, and wall readers to suit any type of door.

SMARTair™ system offers several physical credentials to choose from, including cards, key fobs and wristbands.

SMARTair™ phone apps allow users to open doors with Bluetooth or Wireless technology or even remotely through data use and radio frequency.

TENANTS AND USERS CAN:

- Open their doors with their smartphone, RFID cards, fobs or bracelets
- Access different areas of the building with one credential
- Access their door anytime/anywhere (Wireless App)

PROPERTY OWNERS CAN:

- Send and revoke keys remotely
- Can open doors remotely
- Update doors in real-time
- Update time schedules
- Get additional notifications such as low battery, door left open, and view live audit trail
- Access their system from any computer anywhere, utilizing a unique web address and secure password

Wireless encrypted communication

Any type of door or access point

Battery powered

HYBRID LOCKSMITH'S SYSTEM INTEGRATORS CAN:

- Easily retrofit system with wireless and battery-powered electronic locks
- Utilize wired wall readers to operate any electrified door openings
- Utilize existing client server architecture
- Choose the right technology for the client and installation, from a full wireless online solution to a Bluetooth update on card system and/or standalone solution.

Several designs to expand your security...

DOOR AND WALL DEVICES

- Wireless and battery-powered electronic escutcheons, cylinders and locks can be installed in any type of exterior and interior door or access point (wooden doors, metal doors, fire resistant barriers and escape routes).
- ANSI Narrow, Split and Full are options available to ensure 100% compatibility with the variety of market needs.
- Modern and elegant design with a variety of finishes and handle sets to fit any building style.
- Wired wall readers and elevator controllers are available for

electrically activated devices such as barriers, elevators, automatic doors, lifts and turnstiles.

- SMARTair™ locking and management equipment has been analyzed in terms of their environmental impact and ISO 14025 and EN15804 standard certified, along with their corresponding EPD documents.
- The SMARTair™ product line also has special applications such as cabinet locks and energy-saving devices, all of which are configurable in the same system.

*Your phone is
your key.*

- Different types of formats allow end users to carry their credentials in the most convenient way for them
- Mobile phones can be used to open doors using secure SMARTair™ Apps, available for Android and iOS

MULTIPLE CREDENTIAL OPTIONS

SMARTair™ Mobile solution made for you

Openow™ Bluetooth App

- Unlocks your door by simply holding your mobile phone to the SMARTair™ lock
- Utilizes BLE (Bluetooth Low Energy) technology
- Operates as a virtual credential. Collects all events and door status each time a door is opened using the app

Remote Opening Wireless App

- Uses Internet connection to open doors remotely by a mobile phone.
- Allows any authorized user to remotely open doors from anywhere

EXPERIENCE SMARTair™

User friendly access control solution that helps you increase the security, control and value of your property with ease

- Mobile Apps to open doors using your phone
- Encrypted communications
- Low maintenance
- Real-Time Information
- Full control over points of entry
- A single solution for the entire building
- Lockdown Option (for schools and universities)

HOW TO ORDER

To order SMARTair® Wireless System you will need the following:

- Wireless Management Kit
- Hub(s)
- SMARTair® Wireless Locks & / or Readers
- Credentials
- SMARTair Mobile App. for remote opening (optional)
- OpenNow Mobile App. for Bluetooth credentials (optional)
- Override Mortise Cylinders (optional)

To order SMARTair® Update on Card System you will need the following:

- Management Kit
- SMARTair® Locks & / or Readers
- Credentials
- Optional: Override Mortise Cylinders

To order SMARTair® Stand Alone System you will need the following:

- Programming Card
- SMARTair® Locks & / or Readers
- Credentials
- One Shadow Card for each Credential
- Optional: Override Mortise Cylinders

SMARTair® Locks

ANSI Narrow i-max

Available options:

- Wireless or Update On Card
- Cylindrical or Mortise Lock Body
- Keypad
- Vestibule or Passage Function
- Bluetooth
- Alternate handle shapes and finishes

ANSI Narrow i-max w/Cylinder Override

Available options:

- Wireless or Update On Card
- Mortise Lock Body
- Cylinder override
- Keypad
- Available as vestibule function
- Bluetooth
- Alternate Handle Shapes and Finishes

ANSI Split

Available options:

- Wireless or Update On Card
- Cylindrical or Mortise Lock Body
- Privacy or Vestibule Function
- Bluetooth
- Alternate Handle shapes and Finishes

ANSI Wide

Available options:

- Wireless or Update On Card
- Cylindrical or Mortise Lock Body
- Cylinder override
- Keypad

Knob Cylinder

Available options:

- Wireless or Update on Card
- Bluetooth
- Extreme weather
- Finish options

I-Gate Padlocks

Available options:

- Wireless or Update On Card
- Standard or Weather Resistant

Readers

Available options:

- Wireless or Update On Card
- Standard or Slim
- Keypad available on standard only

Anti Microbial coating component is proven to be 95% efficient in preventing contagion.
ANSI Narrow and ANSI Split are available with Anti Microbial Finish.

MUL-T-LOCK® ELECTRIC STRIKES

An electric strike is an access control device used for doors. It replaces the fixed strike faceplate often used with a latchbar (also known as a keeper). Like a fixed strike, it normally presents a ramped surface to the locking latch allowing the door to close and latch just like a fixed strike would. However, an electric strike's ramped surface can, upon command, pivot out of the way when the lock on the door is in the locked position and the door is opened, allowing a user to open the door without operating the mechanical lock or using a mechanical key. After the door is opened past the keeper, the keeper returns to its standard position and re-locks when power is removed or applied, depending upon the strike's configuration.

- Fail Secure: Also called fail-locked or non-fail safe. In this configuration, applying electric current to the strike will cause it to unlock. In this configuration, the strike would remain locked in a power failure, but typically the mechanical lock can still be used to open the door from the inside for egress from the secure side. These units can be powered by alternating current, which will cause the unit to buzz, or DC power, which offers silent operation, except for a "click" while the unit is powered
- Fail Safe: Also called fail-open. In this configuration, applying electric current to the strike will cause it to lock. It operates the same as a magnetic lock would. If there is a power failure, the door opens merely by being pushed or pulled. Fail-safe units are always operated with direct current.

Mul-T-Lock® electric door strikes are designed with an adjustable keeper to simplify the installation. The latch cavity accommodates locksets with a 1/2”to 5/8” throw in metal, wood or aluminum frames.

» FEATURES

- BHMA Grade 2
- Burglary Resistant according to UL 1034
- 1,000 lbs. Static strength
- 33 ft-lbs. Dynamic strength
- Endurance rating 1,000,000
- Strike depth – 1–1/2”
- Adjustable keeper
- Fail secure or fail safe
- Fully reversible for right or left-hand doors
- Continuous duty operation (DC)
- Mechanical override optional
- 5 years limited warranty

» APPLICATIONS

- Commercial Centers
- Industrial Buildings
- Educational Facilities
- Retail Outlets
- Health Care Institutions
- Office Complexes

CODE-HANDLE®

4 digits separate your private or sensitive belongings in public spaces.

Code Handle® works with an electronic code. This way only authorized people, like office staff, can unlock the door. Enter the code on the handle’s keypad and the door opens. Code Handle® works in parallel with your existing locking

unit: keep your cylinder or lock and just change the handle to a battery-powered one. No need to wire the door. No need to install an electronic access control system.

Autolock

How frequently do you enter and leave your office?
No more needing to remember to lock the door.

Easy to install and retrofit

All it takes is 2 screws to fit a Code Handle® on almost any interior door. You can set up to 9 different user codes.

Keyless and convenient

Secure your private rooms without keys, no wires and no expensive access control system. It’s simple with Code Handle®.

Application

Code Handle® helps to control private access in public spaces, like archives, stock rooms, guest restrooms, medical storage or offices.

CODE HANDLE TECHNICAL DATA AND FEATURES

Power supply	2 × lithium-ion batteries 3 V (CR2); > 30,000 cycles life	Door types	Fits most internal doors
Codes	9 user codes (4 – 6 digits), 1 master code (6 digits)	Door thickness	Suitable for 35 – 80mm (1.378” - 3.15”)
Signals	LED display (GREEN, RED)	Fire tested	According to EN 1363
Door requirements	Interior doors	Finish	Stainless Steel

21

INTELLIGENT KEY MANAGEMENT SYSTEMS

Mul-T-Lock offers Traka21® to easily manage and secure keys and other assets. Traka21® is a sophisticated stand-alone key management system which combines innovative RFID technology and robust design to provide small and medium size businesses with the advanced management of 21 keys or keysets in an affordable plug and play unit. Simple, efficient, and cost-effective, Traka21® helps trace and account for every key or keyset, which are individually locked in place.

» OPERATION

- Stand-alone Plug & Play solution with advanced RFID technology
- Touchscreen interface
- PIN access to designated keys or keysets which are individually locked in place
- Keys are securely attached using special security seals
- Simple to configure through setup wizard
- No requirement for network connection or PC
- Can be mounted on the wall
- Optional battery backup

» TRAKA21 FEATURES

- User, key and access rights administration
- Screen based audit trail and reporting capability or export via USB port
- 21 robust, long-life iFobs with security seals
- 21 locking receptors with LEDs
- Compact steel housing with no exposed hinges or obvious access points
- Manual override and door release functions in case of emergency
- Audible alarms

MUL-T-LOCK®

KEYS, KEYING OPTIONS & SERVICES

Mul-T-Lock® develops and designs key platforms to meet the evolving needs of our customers and markets. Using advanced and patented technologies, Mul-T-Lock® is renowned for its technological innovations that work to create both unique and some of the highest performing solutions.

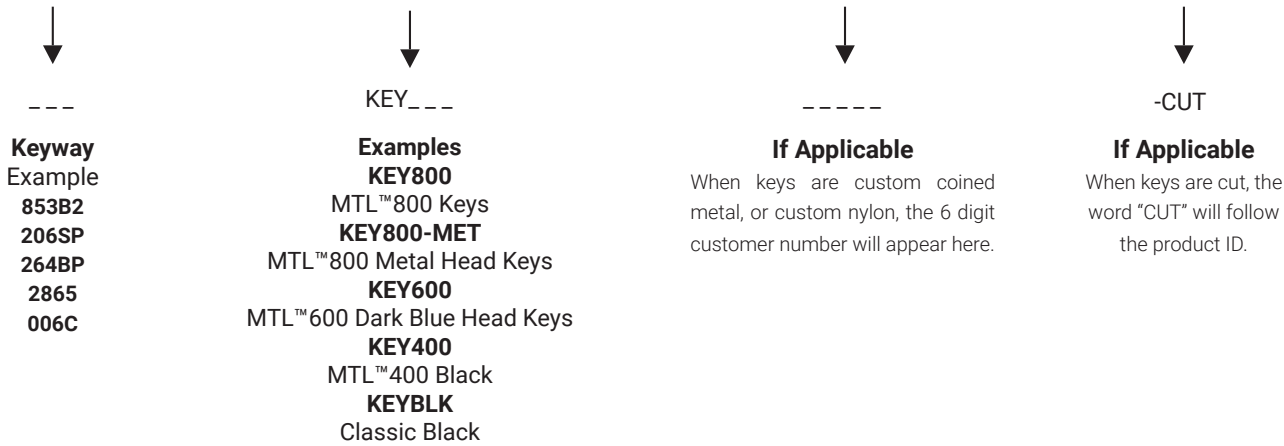

Understanding Mul-T-Lock® Part #'s

Each product that is or accepts a key (Key Blanks, Cylinders, Deadbolts, Padlocks, etc...) must begin with the keyway (i.e. 206SP, 006C, etc...). Key Order Cards must also begin with keyway.

The following are some part # examples.

Keys

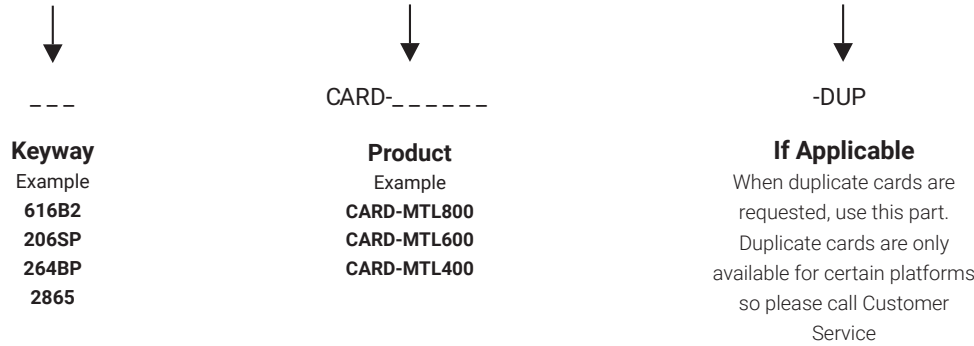

Key part #'s will define if keys are blank or cut, and the color of their head if applicable.

When keys are sold as blanks, they are supplied in boxes of 50. Therefore 1 unit equals 1 box of 50 key blanks (excluding Hercular® Captive Key, and ICC Key Blanks, which are also sold as individuals). Cut keys are sold as individuals. Therefore 1 cut key is a single cut key. Single cut keys are not available on all the platforms. **All dealer keyways for MTL™800 will use 853B2 as the keyway designation for blank keys and sub assembled products.**

Cards

Card part #'s will define if cards are to a random code or if they are duplicate.

Additional Part # Information

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

MUL-T-LOCK®

MACHINERY, PINKITS AND TOOLS

Mul-T-Lock® strives to empower our partners with the finest tools of the trade by offering Mul-T-Lock® brand machinery, an extensive range of tools and pinning kits and many useful resources for providing exceptional service and high security.

Description

KC5™ is Mul-T-Lock® Machinery's perfect answer for the modern-day locksmith in search of new professional horizons.

Computerized, intelligent and automatic, this elegant key-cutting machine responds to the needs of all customers – large and small, and from single key orders to extensive projects requiring complex security solutions.

Compatible with all Mul-T-Lock® key platforms including the ground-breaking MT5+® and the new MTL™800, KC5™ offers cut-to-code capabilities based on magnetic card readings, as well as key marking features together with user-friendly software.

A web-based Machine Management System specially developed by Mul-T-Lock® provides this smart machine with advanced configuration, authorization and service management capabilities.

Specifications

- Width: 19.7"
- Height: 14.2"
- Depth: 13.4"
- Motor: Single phase 300W
- Voltage: 110v 60 Hz
- Weight: 71.5 lb.
- Approval: CE Machinery Directive (89/392/EEC)

Compact II Key Cutting Machine

Description

Mul-T-Lock® Machinery's compact II manual key-cutting machine is a modern, high-precision, CE-certified machine that cuts Mul-T-Lock® cut-to-code keys from the MTL™600, MTL™400and original Classic series.

Set to the correct combination by the key registration card – included in the original package sold to the customer – the machine cuts keys according to the manufacturer's initial specifications. Cutting is performed one side at a time, allowing for a different combination on either side of a single key blank.

The machine is capable of cutting side and back pins. It is lightweight, weighing only 20.6 kg (45 lbs), and is conveniently equipped with a handle for portability. The machine can be used in vehicles with a suitable power supply (not included).

How to Order:

Mortise Cylinders

Mortise Cylinder part #'s will define size and cam type with which it is supplied.

- * Interactive cylinders follow MTL™800 pricing
- * Classic cylinders follow MTL™600 pricing
- * Integrator cylinders follow MTL™600 pricing

Additional Part # Information

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

How to Order:

European Profile Cylinders

European Profile Cylinder part #'s will define size, cam or gear, single with thumb turn or double key type. Sizes are listed with the metric system. To convert inches to millimeters, use the following formula: **1 inch is 25.4 mm** (multiply by 25.4).

For help to determine size needed, please email a picture or diagram of the cylinder next to a measuring tape where the size and measurements are clearly visible. For a list of possible sizes, see page 68.

Email: support@mul-t-lockusa.com

We will need to know A, B, and C measurements for double cylinders and A & B measurements for half cylinders:
For offset cylinders with thumb turn, indicate the side for thumb turn. *13 Finish Cylinders add \$71.18 to list price

Double or Single Cylinder

Additional Part # Information

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

EUROPEAN
PROFILE CYLINDERS

Double or Single Cylinder

European Profile Cylinders can be built. Below are possible sizes for thumb turns and plugs. Additional sizes are possible. **Please call customer service at 1-800-MULTLOCK.** Be sure to have the size of the overall length of the cylinder required (measurement A as in the diagram shown), the measurement from the edge of the cylinder to the center of the center cam on both sides (measurement B and measurement C).

MUL-T-LOCK®
DEADBOLTS

Mul-T-Lock® deadbolt offering includes Grade 1 solutions to provide the right levels of security for the right applications.

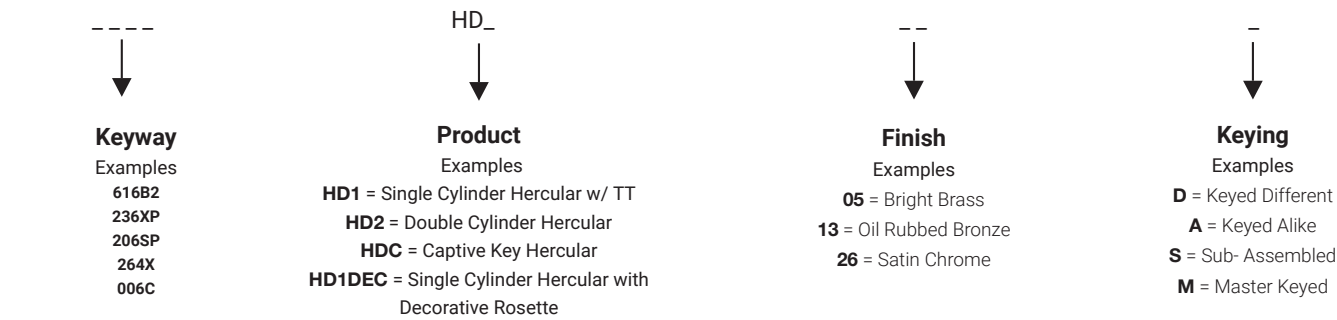

Grade1 options include: the premier Hercular® Deadbolt in both standard and decorative variations; the Anti-Ligature deadbolt with non-angular design and institutional safety-type locking function, which only allows locking from the outside; and the Grade 1 Latch Lock for areas where self-latching is required.

How to Order:

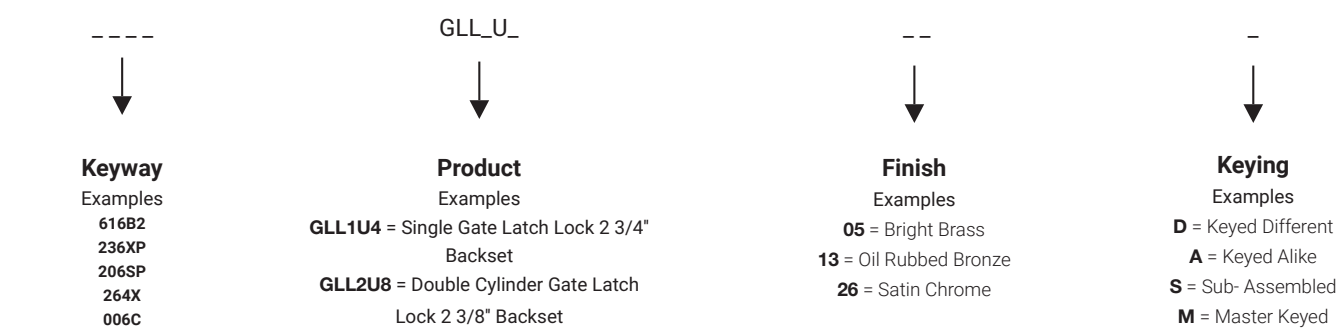

Hercular Deadbolts

Hercular Deadbolt part #'s will define the function of the product. The bolts for Hercular Deadbolt are adjustable

Gate Latch Locks

Gate Latch Locks are available as single cylinder with thumb turn, or double cylinder with key on both sides. Part #'s will define the function. Latches are not adjustable so size must be indicated: U8 = 2 3/8" / U4 = 2 3/4".

To order latches separately for Gate Latch Locks, there are 2 part #'s needed:

PLK-ADAPT-PLLLAT & PLK-GLLLAT-2U_-- - indicate backset size: U8 for 2 3/8" and U4 for 2 3/4"- and finish: 05 for bright brass and 25 for silver.

Additional Part # Information

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

How to Order:

Cam Locks - Cam Lock part #'s will define the diameter, length, and function of the product.

Switch Locks - Switch Lock part #'s will define the diameter of the product.

Drawer Latch Locks (not available in MTL™800) -

Drawer Latch Lock part #'s will define the length of the cylinder recessed in the product.

Additional Part # Information

Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

Cam Lock Ø 3/4" Key Retaining (UL) - MTL™600

Item #	Description	Sub Assembled	Keyed Random	Master Keyed

MTL™600

How to Order:
Padlocks
Padlock part #'s will define the series, size, shackle length, and options of the product.

Additional Part # Information

Sub-Assembled
If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an “X”. This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case “S”, “B”, and “G” are not relevant.

Example
When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:
• Instead of 206-HD1-05-S, use 206XP-HD1-05-S

MTL™600 Part Numbers
MTL™600 part numbers will contain a “P” after the “X”, “S”, “B”, or “G” in the keyway portion of the part number.

Example
Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:
• 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
• 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

Parts for KIKAL Cylinders

	Part #	Description	List Price
1	853B2PG-KIKARM-__	Cylinder Plug for Arrow® "M" Knob Type KIK Cylinder (Underscores indicate a variable value: Specify Finish) - MTL™800	\$98.11
1	__ _PGP-KIKARM-__	Cylinder Plug for Arrow® "M" Knob Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3		Cylinder Body for Schlage® Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKSH-XXX	Cylinder Body for Schlage® Type KIK Cylinder - MTL™600	\$87.60
4	PCY-ECLIP-1	E-Clip for Plug for Cylinders 15.5	\$3.67
5	PCY-KIKARM-TRING	Tailpiece Retainer Ring Spring for KIK Cylinders	\$3.94
6	PCY-CT-KIKMA	Tailpiece for Marks / Alarm Lock® Trilogy® KIK Cylinder	\$6.84
7	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
8	PCY-SPR-BOD-KIK / PCY-MTSPR-BOD-7/8	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
9	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
10	PCY-PIN-PLG- _ / PCY-MTPIN-PLG- _	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
11	PCY-PIN-PLG- _ / PCY-MTPIN-PLG- _	Plug Pins-External (As Needed, See Pin Section)	See Section on Pins
12	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
13	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
14	N/A	Anti Drill Pin (Not Sold Separately)	N/A
	N/A	Anti Drill Pin (Not Sold Separately)	N/A

Parts for KIKARM Cylinders

	Part #	Description	List Price
1	853B2PG-KIKARM-__	Cylinder Plug for Arrow® "M" Knob Type KIK (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	__ _PGP-KIKARM-__	Cylinder Plug for Arrow® "M" Knob Type KIK (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3	MT5-KIKSH-XXX	Cylinder Body for Schlage® Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKSH-XXX	Cylinder Body for Schlage® Type KIK Cylinder - MTL™600	\$87.60
4	PCY-ECLIP-1	E-Clip for Plug for Cylinders 15.5	\$3.67
5	PCY-KIKARM-TRING	Tailpiece Retainer Ring Spring for KIK Cylinders	\$3.94
6	PCY-CT-KIKARM-SM	Tailpiece for Arrow® "M" Series Knob/Sargent® "7 & 10" Line Lever KIK (Long)	\$6.84
7	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
8	PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
9	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
10	PCY-PIN-PLG- _ / PCY-MTPIN-PLG- _	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins

12	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
13	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
14	N/A	Anti Drill Pin (Not Sold Separately)	N/A

Parts for KIKBA and KIKBA4 Cylinders

	Part #	Description	List Price
1A	853B2PG-KIKBA-__	Cyl. Plug for Baldwin® KIK Cylinder Long (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1A	___ PGP-KIKBA-__	Cyl. Plug for Baldwin® KIK Cylinder Long (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
1B	853B2PG-KIKBA4-__	Cyl. Plug for Baldwin® KIK Cylinder Short (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1B	___ PGP-KIKBA4-__	Cyl. Plug for Baldwin® KIK Cylinder Short (Underscores indicate a variable value: Specify Keyway, & - MTL™600	\$85.30
2A		Cylinder Body for Baldwin® Type KIK Cylinder Long - MTL™800	\$101.51
2A	XXX-KIKBA	Cylinder Body for Baldwin® Type KIK Cylinder Long - MTL™600	\$87.60
2B		Cylinder Body for Baldwin® Type KIK Cylinder Short (4 Chamber) - MTL™800	\$101.51
2B	XXX-KIKBA4	Cylinder Body for Baldwin® Type KIK Cylinder Short (4 Chamber) - MTL™600	\$87.60
	3	PCY-ECLIP-1 E-Clip for Plug for Cylinders 15.5	\$3.67
4A	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
4B	PCY-CVR-CYL-5-MT5	Body Spring Cover for KIK Cylinders (4 Chamber)	\$3.04
	5	PCY-SPR-BOD-KIK Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
	6	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
	7	PCY-PIN-PLG-_ / PCY-MTPIN-PLG-_ Plug Pins-External (As Needed, See Pin Section)	See Section on Pins
	8	PCY-PIN-PLG-_ / PCY-MTPIN-PLG-_ Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
	9	PCY-CT-KIKBA Back Adaptor for Baldwin Type KIK Cylinders (Long and Short)	\$6.84
10	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A

Parts for KIKCR Cylinders

	Part #	Description	List Price
1	853B2PG-KIKCR-__	Cylinder Plug for Corbin® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	___ PGP-KIKCR-__	Cylinder Plug for Corbin® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3		Cylinder Body for Corbin® Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKCR	Cylinder Body for Corbin® Type KIK Cylinder - MTL™600	\$87.60
4	PCY-ECLIP-1	E-Clip for Plug for Cylinders 15.5	\$3.67
5	PCY-CT-KIKCR	Tailpiece for Corbin® Type KIK Cylinder	\$6.84
6	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
7	PCY-SECPIN-2X10	Tailpiece Retainer Pin for KIK Cylinders	\$3.94
8	PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
9	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
10	PCY-PIN-PLG-_ / PCY-MTPIN-PLG-_	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
11	PCY-PIN-PLG-_ / PCY-MTPIN-PLG-_	Plug Pins-External (As Needed, See Pin Section)	See Section on Pins
12	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A

Parts for KIKEM Cylinders

	Part #	Description	List Price
1	853B2PG-KIKEM-__	Cylinder Plug for Emtek® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	___ PGP-KIKEM-__	Cylinder Plug for Emtek® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2		Cylinder Body for Emtek® Type KIK Cylinder - MTL™800	\$101.51
2	XXX-KIKEM	Cylinder Body for Emtek® Type KIK Cylinder - MTL™600	\$87.60
3	PCY-CT-KIKEM	Tailpiece for Emtek® Type KIK Cylinder	\$6.84
4	PCY-KIK-RSPR	Retainer Pin Spring for KIK Cylinders	\$0.84
5	PCY-KIK-RPIN	Retainer Pin for KIK Cylinders	\$3.94
6	PCY-KIK-NUT	Plug Retainer Nut for Emtek® KIK Cylinders	\$3.83
7	PCY-CVR-CYL-5-MT5	Body Spring Cover for KIK Cylinders (4 Chamber)	\$3.04
8	PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
9	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
10	PCY-PIN-PLG-_ PCY-MTPIN-PLG-__	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
11	PCY-PIN-PLG-_ PCY-MTPIN-PLG-__	Plug Pins-External (As Needed, See Pin Section)	See Section on Pins

Parts for KIKFA Cylinders

	Part #	Description	List Price
1	853B2PG-KIKFA-__	Cylinder Plug for Falcon® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	___ PGP-KIKFA-__	Cylinder Plug for Falcon® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3		Cylinder Body for Schlage® Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKSH	Cylinder Body for Schlage® Type KIK Cylinder - MTL™600	\$87.60
4	PCY-CT-KIKFA-TAIL	Tailpiece for Falcon® Type KIK Cylinder (Tail Only)	\$4.38
5	PCY-KIK-RSPR	Retainer Pin Spring for KIK Cylinders	\$0.84
6	PCY-KIK-RPIN	Retainer Pin for KIK Cylinders	\$3.94
7	PCY-CT-DISCKIK	Tailpiece Locator Disc for KIK Cylinders (Fixed Motion)	\$4.65
8	PCY-KIK-NUT	Plug Retainer Nut for Standard KIK Cylinders	\$3.83
9	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
10	PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
11	PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
12	PCY-PIN-PLG-_ PCY-MTPIN-PLG-__	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
13	PCY-PIN-PLG-_ PCY-MTPIN-PLG-__	Plug Pins-External (As Needed, See Pin Section)	See Section on Pins
14	N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A

Parts for KIKKA1 Cylinders

	Part #	Description	List Price
1	853B2PG-KIKMS1-_-	Cylinder Plug for Master® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	_-_PGP-KIKMS1-_-	Cylinder Plug for Master® Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3		Cylinder Body for Sargent® "10" Line Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKSA11	Cylinder Body for Sargent® "10" Line Type KIK Cylinder - MTL™600	\$87.60
4	PCY-ECLIP-1	E-Clip for Plug for Cylinders 15.5	\$3.67
7	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04

Parts for KIKMA Cylinders

	Part #	Description	List Price
1	853B2PG-KIKARM-_-	Cylinder Plug for Arrow® "M" Knob Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$98.11
1	_-_PGP-KIKARM-_-	Cylinder Plug for Arrow® "M" Knob Type KIK Cylinder (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$85.30
2	N/A	Anti Drill Pin (Not Sold Separately)	N/A
3		Cylinder Body for Schlage® Type KIK Cylinder - MTL™800	\$101.51
3	XXX-KIKSH-XXX	Cylinder Body for Schlage® Type KIK Cylinder - MTL™600	\$87.60
4	PCY-ECLIP-1	E-Clip for Plug for Cylinders 15.5	\$3.67
5	PCY-KIKARM-TRING	Tailpiece Retainer Ring Spring for KIK Cylinders	\$3.94
6	PCY-CT-KIKMA	Tailpiece for Marks / Alarm Lock® Trilogy® KIK Cylinder	\$6.84
7	PCY-CVR-CYL-6-MT5	Body Spring Cover for KIK Cylinders (5 Chamber)	\$3.04
8	PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins

A Hierarchical (or tree) system is the most common Master Key System design.
To request a standard tree Master key system, please contact your local Territory Manager or our Customer Service for assistance.

The Matrix chart will help you and your customer in the design of a Matrix system.

Once this chart is filled out, email it to orders@mul-t-lockusa.com with the subject line "Master Key System Request", and one of our technicians will work on the solution for you.

MUL-T-LOCK® KEY & CYLINDER MAINTENANCE

In order retain warranty eligibility, please review, implement and communicate to all users the proper maintenance procedures below to ensure continued proper function of Mul-T-Lock's high security keys and cylinders.

MUL-T-LOCK® KEYS (Pertains to all Mul-T-Lock® keys)

- Mul-T-Lock® keys must be kept clean and must retain a straight blade – do not use keys for anything other then their intended duty – to lock/unlock your lock cylinders (keys may not be used as a tool such as a knife, screwdriver, etc.)
- Additional Mul-T-Lock® keys may be obtained only from authorized Mul-T-Lock® dealers. Only genuine Mul-T-Lock® keys may be used to operate Mul-T-Lock® lock cylinders.
- Remember that the cuts of your keys contain personal information about your lock cylinder combination and must be treated like any other confidential information you have.

MUL-T-LOCK® CLIQ® SMART KEYS

(Additional care instructions for CLIQ® keys)

CLIQ® keys must be kept dry and be free of moisture, dirt and debris before insertion into a CLIQ® cylinder. Should CLIQ® keys come into contact with any liquid, allow keys to dry completely before attempting to insert it into a CLIQ® e-cylinder.

See below for further information on key indications:

Key indications:

Light color	green green	=	✓
Duration	Short Short		Authorized key
Light color	red red red red	=	🔋
Duration	Short Short Short Short		Low battery
Light color	red	=	🚫
Duration	Long		Unauthorized key
Light color	red green red	=	🕒
Duration	Short Short Short		Out of schedule

MUL-T-LOCK® KEY & CYLINDER MAINTENANCE

In order to retain warranty eligibility, please review, implement and communicate to all users the proper maintenance procedures below to ensure continued proper function of Mul-T-Lock's high security keys and cylinders.

MUL-T-LOCK® MECHANICAL AND E-CYLINDERS

- Mul-T-Lock® cylinders must be installed correctly into freely operating locks. A misaligned door or poorly installed lock will cause an unnecessary load and friction that can damage cylinders.
- Never paint any external or internal part of a cylinder, and do not hose or chemical wash.
- MECHANICAL Mul-T-Lock® Cylinders must be frequently lubricated with Mul-T-Lock® liquid lubricant. The frequency of lubrication required will depend upon weather, environment, cylinder usage and location. All cylinders must be lubricated at least twice per year. However, cylinders in particular conditions (such as those used on external doors) must be lubricated at least four times per year and whenever users experience difficulty in turning or inserting keys. Use only Mul-T-Lock® special lubricant. Please note that separate rules for lubrication apply to Mul-T-Lock's® CLIQ® e-cylinders (see below).

MUL-T-LOCK® KEYS & CYLINDERS IN A MASTER KEY SYSTEM

When Mul-T-Lock® keys and cylinders are part of a master key system, extra care is needed.

All Mul-T-Lock® keys related to a master key system must carry a designation marking, and may only be used in the cylinder for which it is intended. If a Mul-T-Lock® key fails to operate the cylinder(s) it is intended to open, the first action should be verification of key designation to ensure that the appropriate key has in fact been used. When in doubt, contact your authorized Mul-T-Lock® dealer.

- Mul-T-Lock® Keys related to a master key system must be carefully distributed to the appropriate key holders. Accurate and up-to-date records of key distribution should be maintained at all times by the end user to ensure that master key system owners know exactly how many of each key for their system is in circulation and who is in possession of each one.
- Cylinders must be frequently lubricated (See Mul-T-Lock® Cylinders section above).
- Additional Mul-T-Lock® master key system keys may be obtained only from the original authorized Mul-T-Lock® dealer that originally installed the master key system. If a change in the authorized Mul-T-Lock® dealer selected to maintain your master key system is needed, contact Mul-T-Lock® USA, Inc. for proper procedure instructions.

Failure to follow these procedures will void any warranty.

Limited Warranty and Conditions of Sale refer to Mul-T-Lock® USA, Inc. as “Mul-T-Lock®”; a genuine Mul-T-Lock® branded product(s) or offerings by Mul-T-Lock® USA, Inc. as “Product” or “Products”; authorized Mul-T-Lock® dealer, wholesaler or other direct buyer as “Authorized Dealer”; the end user where Mul-T-Lock® Product is installed as “End User”; Limited Warranty as “Warranty”.

LIMITED WARRANTY

Mul-T-Lock® hereby warrants Product to be free of defects in material and/or workmanship for a period of *One (1) year for SMARTair®, SMARTair® E-Motion Locks, Traka 21 (not including fobs or seals), Code Handle®, & Electric Strikes and *Two (2) years for all mechanical products and CLIQ®, from the date of original purchase for use, subject to the terms and conditions indicated below.

For additional Warranty information or Warranty claim service, contact Mul-T-Lock® Customer Service at (973) 778-3320. In the event of a defect in material or workmanship during the Warranty period, Mul-T-Lock® will repair or replace (at its option) the Product under the conditions of this Warranty, this action being the sole remedy available under this expressed Warranty.

In order to initiate a review for eligibility of Warranty claim, End User must first return the Product to Mul-T-Lock®, through the Authorized Dealer from whom the Product was purchased. This return must follow Return Procedures as outlined on pages 204 and 205 be accompanied by proof of initial purchase from the Authorized Dealer. All shipping, handling, travel, service call and/or other incidental and/or related charges are payable by End User or Authorized Dealer only and are not included in this limited warranty.

Limitations, Exclusions and other Rights:

- Mul-T-Lock® disclaims liability for implied warranties, including but not limited to those of merchantability or fitness for any particular purpose.
- Mul-T-Lock® disclaims liability for indirect, incidental or consequential damage at any time.
- Mul-T-Lock® key blanks are made from a special nickel silver alloy. Mul-T-Lock® warrants its mechanical keys against defects in workmanship or breakage for the life of the Product.
- Bitted Mul-T-Lock® keys must be precisely cut to exact depths. This Warranty shall be void and Mul-T-Lock® disclaims liability of any kind in the event any key other than a genuine Mul-T-Lock® key has been used with the Product or that the key has been cut on any machine other than a Mul-T-Lock® key cutting machine.
- Improper activity shall render this limited warranty void. “Improper Activity” includes any and all of the following: damage arising from in its sole judgment, improper installation; use/ operation/ maintenance other than in accordance with Mul-T-Lock’s instructions; extreme environmental conditions; use rates in excess of the industry standards defined for the type of product; repair or alteration by anyone other than the Authorized Dealer; and the use of keys, key blanks, key cutting machines, cylinders, locks, accessories, lubricants and/or other components that are not suitable and genuine Mul-T-Lock® Products.
- Unless otherwise specified by separate warranty, finishes for mechanical products are warranted for a period of two years following purchase for use. This finish Warranty shall be considered void after installation if, in the sole judgement of Mul-T-Lock®, the damage to the finish is the direct result of climatic conditions, chemical or abrasive actions.

- This Warranty does not grant any other rights or give rise to any other obligation, or absolve both Authorized Dealer and End User of the responsibility to employ any other suitable measures, by whatever means, including insurance, against the risk of personal injury or damage to property. This Warranty relates to Product’s defects only. Mul-T-Lock® shall not be Liable, in any event, for labor costs associated with the Product and its installation process.

Basic Instructions for correct use of the Product are on pages 198, 199 & 201. Failure to adhere to these instructions shall render this Warranty void.

MUL-T-LOCK® YOUR KEY TO HIGH SECURITY

Basic Instructions and Requirements for Correct Use of Mul-T-Lock® Products

Keys:

- Keys must be used only for their intended purpose of operating their corresponding cylinder in normal use.
- Keys must be kept clean and must retain a straight blade.
- Genuine Mul-T-Lock® key blanks must be used.
- Keys must be inspected periodically and must be replaced when they show physical wear.

Cylinders:

- Installation must be performed by an authorized Mul-T-Lock® Dealer and/or a licensed locksmith only.
- A Cylinder is a mechanical device which requires regular preventive maintenance.
- Cylinders **MUST NOT** be submerged in water, or exposed to any chemical wash, or be painted.
- Protect the cylinder from dirt and dust.
- Protect your cylinder from exposure to extreme temperatures (-20C to +80C)
- CLIQ® cylinders utilized on any exterior door and/or any other outdoor application must be purchased with rain guard options (sold separately). Failure to specify the nature of the product’s application and the need for rain guard option at the time of product purchase shall void the warranty.
- The cylinder’s keyway must be lubricated with Mul-T-Lock® approved lubricant at least twice a year as normal maintenance. In heavy use environments and extreme weather conditions, lubrication must be performed every three months. Increased usage and exposure generally necessitate more frequent lubrication.

CONDITIONS OF SALE

All activities made or negotiated with Mul-T-Lock USA, Inc. ("Mul-T-Lock") shall be subject to the terms and conditions set forth herein, which may be added to, modified or otherwise altered only in writing, signed by the President of Mul-T-Lock®. Failure of Mul-T-Lock® to object to any provisions that may be contained in any order or other form of purchase document shall not be constructed as a waiver of these terms and conditions or an acceptance of any such provision.

Shipping & Delivery

Unless otherwise agreed to in writing, all Products will be shipped F.O.B. origin. Shipping dates provided by Mul-T-Lock® are estimates only. Mul-T-Lock® reserves the right to make partial deliveries. Buyer shall assume all risk of loss or damage upon delivery to carrier at the point of shipment, even if other delivery terms are agreed upon.

Choice of Carrier

Mul-T-Lock® will ship by carrier and route of its choice to any freight point within the United States.

Shipping Charges; taxes

Shipping and handling are additional and will be shown on the invoice(s) or other documentation. Buyer will pay for all shipment charges. Mul-T-Lock® will make the choice of carrier, route, and method. Buyer is responsible for sales and all other taxes associated with its purchase.

Orders

Mul-T-Lock® reserves the right to refuse any order through notice to Buyer.

Special Orders

Mul-T-Lock® reserves the right to define and/or redefine any product as a "special order" item (including both those that are listed in this book and those that are not). If an item is deemed by Mul-T-Lock® as a special order item, additional charges and minimum order amount requirements will apply.

Changes & Cancellations

Changes can result in delay in the scheduled delivery date. Additions to orders can be entered separately. Special order items are not subject to cancellation.

Pricing

The price for the Products shall be Mul-T-Lock's® prevailing price at the time the order was accepted by Mul-T-Lock®. Mul-T-Lock® price lists are for general information only, and do not constitute a binding open offer by Mul-T-Lock® for the sale of Products. Mul-T-Lock® reserves the right to make modifications, or changes at any time without prior notice. All Products listed, which incorporate, or include a Mul-T-Lock® mechanical cylinder are priced as Keyed Different within their respective platforms, with 2 Nylon Head Cut Keys*, and 1 Key Order Card per Combination. Certain keyways are supplied only with Metal Head Keys. Additional charges for Metal Head key conversions will apply to any keyed Products purchased in these particular keyways. E-cylinders are provided without keys (keys may be purchased separately). Dealer discount for all electronic and electromechanical Products and keys will vary from dealers' normal discount structure (contact Mul-T-Lock® for pricing on these items).

Whilst we make every effort to provide you the most accurate, up-to-date price book, occasionally, one or more items may be mispriced. In the event a product is listed at an incorrect price due to typographical, photographic, or technical

error or error in pricing information received from our suppliers, Mul-T-Lock® shall have the right to refuse or cancel any orders placed for product listed at the incorrect price. If this occurs, we will notify you of the price error and order cancellation. You will, of course, have an opportunity to purchase the item at the correct price, if you so wish.

Payment

Unless otherwise agreed in writing, terms are pre-paid. Net 30 payment terms can be offered if certain qualifications are met. If payments are not made when due, buyer will pay, in addition to the overdue payment, a late charge equal to the lesser of 1.5% per month or the highest applicable rate allowed by law on such overdue amounts. Overdue accounts will be assigned to the credit department for all transactions. Once an account has been assigned to the credit department, no order may be taken, entered or shipped without approval from the credit manager. Buyer is responsible for all legal costs associated with collection of past due accounts.

Claims

All discrepancies (shortages, incorrect shipments, damages etc.) must be claimed within two (2) days after receipt of material. All other requests for returns must be submitted within ten (10) days of invoice date. Price differences must be submitted for verification within five (5) days of original invoice.

Colors and Finishes

We have made every effort to display as accurately as possible the colors and finishes of our Products that appear on this price book. However, we cannot guarantee that your actual product's finish will be exactly as it appears in this price book.

General

Mul-T-Lock® will not be liable for performance delays or for non-performance, due to causes beyond its reasonable control. Disputes arising in connection with these Mul-T-Lock® terms and conditions of sale and service will be governed by the laws of the state of New Jersey, USA.

Default of Infringement

In the event that anytime Buyer is in default of payment or infringing any of these terms, Mul-T-Lock® reserves the right to withhold delivery, cancel or terminate any order, and hold Buyer liable for any damage or expenses incurred by Mul-T-Lock®. In addition to the above Mul-T-Lock® reserves the right to repossess any goods to which it has retained title as aforesaid and thereafter to sell the same without prejudice to any Mul-T-Lock® rights hereunder or otherwise. It is specifically agreed that any proceeds received by Buyer for sale of goods to a third party shall be held by Buyer in trust for Mul-T-Lock®, until final settlement to Mul-T-Lock®.

Trademarks

The Mul-T-Lock® name and Muscleman Logo, and any other name, mark, or logo used by Mul-T-Lock® and marked by an ® or ™ sign are registered / pending trademarks of Mul-T-Lock Ltd. In various countries. Mul-T-Lock® reserves the right to make any product improvements or modifications without prior notice.

Returns

Mul-T-Lock® USA, Inc., accepts returns if the product is defective from a manufacturing flaw. If you need to make a return, fill out the RGA form from page _ _ _ and email it to: **orders@mul-t-lockusa.com** with the subject line:

Return Request.

All requests for returns must be submitted, and coordinated with Mul-T-Lock® and must be accompanied by a valid RGA# which must be visible on the outside of any package returned to Mul-T-Lock®. A 50% handling/restocking fee applies to all merchandise returned or refused for reasons other than incorrect shipping, product defects, and product warranties.

Any return sent without prior authorization will be refused, and sent back to the Buyer, at the Buyer's expense.

All product defects and product warranties will be repaired, or replaced with comparable product only. If product defect is found to be due to abuse, misuse or lack of proper maintenance by the Buyer, Mul-T-Lock® will inform the Buyer on the details of the inspection. Buyer will be quoted on the costs for repair. If repair request is refused, then product will be returned to the Buyer together with an invoice for carriage, and engineer inspection.

Non-refundable items include but are not limited to: CLIQ® Cylinders, CLIQ® Keys, and CLIQ® Software, Products which are Keyed Alike, and/or Master Keyed, Key Blanks which are personalized, stamped, or coined, Key Order Cards which are personalized, stamped, or embossed, product which are not in their original packaging and in saleable condition, all other Products which have been modified, and all special order Products.
