**Established in 1973,** Mul-T-Lock® has earned a prominent global position as a leader in developing, manufacturing, and marketing high-security products tailored for Institutional, Commercial, Industrial, and Residential clients. Our innovative range encompasses patented products, from mechanical cylinders, locks, and padlocks to electromechanical and access control locking systems, automatic assembly and key cutting machines, and complementary accessories.

Boasting a highly skilled workforce of nearly 600 employees, Mul-T-Lock® operates fully automated factories utilizing cutting-edge technologies, including robotics and custom machinery, a majority of which is produced in-house.

As a vital member of the ASSA ABLOY Group, a global leader in access solutions, Mul-T-Lock® has consistently facilitated a more open and secure world for over five decades. Our commitment to innovation extends to providing safe, secure, and convenient access to both physical and digital spaces. With a global presence, Mul-T-Lock® leverages its understanding of security needs worldwide and a dedicated customer support team to offer comprehensive service to partners and consumers.

Mul-T-Lock® products adhere to the toughest international standards, including UL, ANSI, ASTM, CEN, VDS, SKG, and more. Accredited with ISO 9001/2000 and ISO 14001, Mul-T-Lock® remains steadfast in its commitment to customers and employees.

Attention to product quality and design, coupled with an outstanding commitment to customer service and support, has positioned Mul-T-Lock® as one of the industry's leading companies and one of the fastest-growing high-security manufacturers worldwide.

# THE BENEFITS OF MUL-T-LOCK® HIGH SECURITY

## Patented Key Control

Protected by many international patents and strict, factory key control regulations, Mul-T-Lock® Key Control Systems are designed to prevent unauthorized key duplication. Duplication of Mul-T-Lock® keys is only permissible at authorized service centers and on genuine Mul-T-Lock® key cutting machines.

## Pick, Drill and Bump Resistance

Mul-T-Lock® products are designed to withstand various attempts at forced entry. Mul-T-Lock® unique telescopic pin tumbler mechanism will frustrate even the most experienced lock picker. Ten- and eight-pin cylinder designs enhance the level of security by requiring a dual shear line match in order for the cylinder to operate. Plus, each cylinder incorporates hardened steel inserts in strategic areas to offer a high level of drill resistance. In addition, advanced protective elements such as mushroom and split plug pins, interlocking telescopic pins and strict key control procedures virtually eliminate the threat of bumping.

## One Key - Endless Possibilities

Mul-T-Lock® manufactures high security locking products to offer the user a level of security which is second to none. Mul-T-Lock® products offer the convenience of a single key design for all of our products. Users will find ease in their capability to open everything from a rim, mortise, or padlock to the deadbolt and knob or lever on their front door, all with a single key. Mul-T-Lock® products can also be incorporated into user-specific keyed different, keyed alike, or master keyed systems that can allow for limited access for specific users, and complete access for others. And taking the concept to the next level still, Mul-T-Lock® Electromechanical Solutions (ELMECH) Platforms create even more opportunities for convenience and control. Users can rely on Mul-T-Lock® solutions to create integrated systems with mechanical, electronic, electromechanical and access control elements exactly where each technology is needed, all while accessing the entire system with just a single key!

## Ready for Any Challenge

Mul-T-Lock® prides itself on the manufacturing of comprehensive, creative locking solutions, and unprecedented speed to market. Nearly every component of our product portfolio exists through a need from our customers. Balanced by helpful Sales, Customer Support, determined R&D and Engineering Departments, Mul-T-Lock® is here to satisfy any demand, as fast as we possibly can. No application is too small. No master key system is too large. With our unrelenting dedication to finding the perfect high security solution for all of our customers' needs, Mul-T-Lock® is truly, ready for any challenge!

## MUL-T-LOCK® PRODUCT RANGE

Mul-T-Lock® is a global player in the realm of high security locks. Our vast product line extends to locks, padlocks, and cylinders - both domestic and foreign. High security locking solutions for American, Scandinavian, Japanese, and many European locksets, all of which can be incorporated into a single keying system, are just part of Mul-T-Lock® impressive product portfolio.

### » ACCESS CONTROL & SMART SOLUTIONS

In addition to our superior mechanical locking systems, Mul-T-Lock® has developed an impressive line of Electromechanical Solutions. eCLIQ® & CLIQ® e-cylinders offer a wire-free method of bringing convenient key scheduling, refreshing, deactivation, event logs and more to virtually any opening. SMARTair® access control offers fully integrated locking solutions for every application. Plus, keyless entry products and accessories such as the electronic Code Handle®, lend user-friendly innovation and efficiency.

### » CYLINDERS

Mortise, Rim, and Key in Knob Cylinders headline Mul-T-Lock® comprehensive line of retrofit solutions. Available for a wide range of Residential, Commercial, Industrial, and International locksets, each is designed to offer an affordable upgrade to pick, drill and bump resistance, as well as patented, restricted key control to almost any existing lockset. In addition, Mul-T-Lock® carries Large Format Interchangeable Cores, Mogul Cylinders, and a variety of Profile Cylinders to fit multiple applications.

### » DOOR LOCKS

Mul-T-Lock® line of high security door locks has been spearheaded by the unique Hercular® Deadbolt. Utilizing superior strength and ease of installation, the Hercular® Deadbolt has set new standards in high security locking. Constructed of solid brass and hardened steel, the Hercular® deadbolt is recognized by many as the best deadbolt on the market today.

### » UTILITY & FURNITURE LOCKS

Mul-T-Lock® offers a multitude of products for those small spaces and specialty areas that require the same level of protection as a front or back door. File cabinets, desk drawers, and storage cabinets may sometimes contain sensitive items, such as classified documents, confidential materials, cash, and pharmaceutical items. So Mul-T-Lock® Cam Locks, Drawer Locks, and Cabinet Locks have been designed to incorporate the core principles of patented key control and the pick, drill and bump resistance inherent in all Mul-T-Lock® products.

### » PADLOCKS

Mul-T-Lock® various padlock lines are world renowned, and recognized by many institutions. Whether it's C-Series, NE series, T series or ArmaD Lock, Mul-T-Lock carries the best solution for almost any padlock application. Also available are many accessories and specialty designs, which provide comprehensive options for special applications.

## How To Order

We aim to make ordering simple and convenient for you. You can send your orders and pricing requests to your territory manager or email them to **orders@mul-t-lockusa.com**. For your convenience, there is an order form located in the back of this book on page 208. PDF version of the form can be obtained upon request or call us to request a link to our online form. You may submit your orders with or without order form; simply be sure to include the following information:

- » Your company name and the point of contact's first and last name
- » Your customer number (you can find this by referring to your monthly statement or by contacting our office)
- » The complete billing and shipping address for each order
- » All details of the items requested: keyways, finishes, keying variations, size of cylinder if applicable, cams or tail pieces, shackle sizes if applicable, and quantities. Complete model / item numbers where applicable
- » Your preferred shipping method (ground is the standard. If \*overnight or \*second day is required, you must state it in writing either in an email referencing the order number or directly on your purchase order.)  
\*Additional charge will be applied for overnight, second day shipping, and three day select
- » A telephone number & email address where you can be reached

While emailed order submission is preferred, you may also place your orders by contacting your territory manager directly or by calling our customer service department at 1-800-MULTLOCK Monday through Friday 9:00 AM – 5:30 PM Eastern Standard Time. You may also send a fax to 973-778-4007.

## Additional Part # Information:

### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- » 206XP-HD1-05-S

### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- » 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- » 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

# Mul-T-Lock Keying Options

Dedicated to satisfying customers' needs, Mul-T-Lock® offers many convenient keying options. These options range from traditional to innovative and are designed to offer convenience, control and peace of mind.

## » KEYED DIFFERENT (D)

Each product is operated by only its own key. Keyed Different products are supplied with 2 nylon head keys & 1 key order card per product.

## » KEYED ALIKE (A)

Multiple products in a system can be keyed to the same locking combination, allowing just one key to open all of them. Keyed Alike products are supplied with 2 nylon head keys per product if requested & 1 key order card per combination.

## » MASTER KEYED (M)

Keys can be issued to open just one, few or all doors, depending upon the key holder's authorization level. Master keyed products are supplied with 2 nylon head keys per product & 1 master key system card per system (card sent with initial order only—only 1 card per system is issued). When ordering new master key systems, customers must approve layout prior to order processing. When ordering additional products for an existing system, customers must specify the master key system number, part # of products needed, quantity of product(s), keying code for each product and the quantity of keys required per code. Additional labor charges will apply.

## » 3-IN-1 KEYING (3IN1)

Lost keys or any circumstances that might require a user to immediately change a lock combination are easily resolved by 3-in-1 keying. Each 3-in-1 product is supplied with 4 nylon head keys (2 green, 1 yellow & 1 red) and one key order card per combination. Initially operated by the green key, if a change is needed, users can simply insert the yellow key and turn it in the lock. This process alone changes the lock combination so that it may no longer be opened by the green key and can be operated by the yellow key only. If the need to change the combination arises again, this process is simply repeated with the red key, nullifying the operating capabilities of the yellow key now and allowing operation only by the red key. Additional labor charges will apply.

## » TEMPORARY LOCKOUT (T)

A mechanical key can be temporarily authorized or unauthorized by simply turning one of two user keys in the lock: one key means go, the other says no! Temporary Lockout products are supplied with 3 keys (green, red, and blue) and 1 card per combination. The green (go key) and the red (no key) are for the system owner, the blue (guest key) can be distributed to visitors. The system owner then simply turns the green key in the lock to allow the blue key to open the same door or turns the red key in the lock to lockout the blue key. Owners can lockout and re-authorize the blue key as often as necessary without having to change the lock combination. Great for applications which may require the ability to grant and revoke access for employees, consultants, office temps, babysitters, housekeepers, renovation workers and more on a continued basis. Additional labor charges will apply.

Mul-T-Lock® Academy trainings offer a variety of solutions for electro-mechanical and mechanical products for projects

You can find all upcoming virtual trainings from Mul-T-Lock® Academy by going to our main page [www.mul-t-lockusa.com](http://www.mul-t-lockusa.com) and clicking on **Mul-T-Lock® USA Academy Banner** or scanning **QR Code** on this page.

## ELECTROMECHANICAL LOCKING SOLUTIONS

# eCLIQ Solution

- **Completely electronic** locking system - No wiring needed
- **Programmable key** and compact cylinder with secure electronics
- No more **lost keys**
- Each key is **individually programmable**, and **IP67** rated
- Flexible and **Time-based Access control**
- Keys can be **Bluetooth (BLE)** enabled – send & receive access rights over a mobile phone App
- **Microchip** integrates all locking authorizations making it **secure** and **reliable**
- Audit trail (up to **1,000 events**)
- Withstand extreme **demanding weather conditions** (-25°C to +85°C)
- Cylinders are **maintenance-free** up to 200,000 cycles (integrated lubricant reserve)

## Programming Devices

Transfer access rights  
and audit trails

## Software & Service

Web Based Central Admin  
solution for access  
management

## Keys

Programmable,  
battery powered keys

## Cylinders & Padlocks

Wide range of programmable,  
secure and robust cylinders

**NEW**

## eCLIQ Keys

- Robust Programmable keys with AES128 bit encryption
- Easy to replace (CR2450) battery in the key head
- Water & Dust proof (IP67)
- Non-volatile memory saves programming and audit in the event of battery removal
- Additional RFID tag integration available
- Bluetooth low energy keys (using CLIQ Connect App)
- LED indicator and acoustic signaling for functional operation and battery status
- Short, compact and reversible, with a unified keyway design (No more key cutting)
- Stainless steel and glass fiber reinforced PA6 plastic material

**Elevator**  
e. g. Key in Knob cylinder

**Outdoor containers**  
e. g. Padlock

**Main Entrance**

**Mail box**  
e. g. Cam lock

## eCLIQ® & CLIQ®- HOW TO ORDER

### » TO ORDER A CLIQ® OR eCLIQ WEB MANAGER SYSTEM, YOU WILL NEED THE FOLLOWING:

- E-Cylinders or E-Locks
- Quartz+ Keys / eCLIQ keys
- C-Key
- Local Programming Device
- Wall Programming Device in case Remote Access is required
- System Setup (one-time charge includes license until December 31st of the year purchased)
- Annual CLIQ licensing fee according to system's size – due January 1st of every year
- 24/7 Technical Support with Monthly Fee
- Mobil App for Bluetooth Keys Optional

### » TO ORDER A CLIQ® LOCAL MANAGEMENT SYSTEM, YOU WILL NEED THE FOLLOWING:

- E-Cylinders or E-Locks
- Quartz+ Keys
- C-Key
- Local Programming Device
- CLIQ® Local Management Software (specify if for single system or multi-system management)

E-cylinders: wire-free solutions that give access control features like access right changes, audit trail, key disabling & more eCLIQ® cylinders do not include keys. eCLIQ® keys are sold separately.

# MUL-T-LOCK® CLIQ®

Whether you need to secure doors, cabinets, elevators, or storage units, CLIQ® is a security system that enables the user to program and track key usage: key scheduling, audit trail, and more. CLIQ® keys can be used in mechanical cylinders as well as electromechanical cylinders enabling the customer to have a complete locking solution that is efficient and secure. Virtually all cylinders in MTL™ 800 key platform can be provided as CLIQ®.

## » FEATURES

-  No wiring
-  Easy to install
-  Schedule access to any door or allow time-limited access
-  Compatible with a variety of lock types
-  Audit trail report, up to 1000 last events
-  Dust/water resistance
-  User-friendly web-based software is an option
-  Ability to view audit trails, (key history), and update keys from any computer with authorized access
-  Multiple programming devices for stationary and mobile key updating

## » SPECIFICATIONS

-  128AES encryption technology
-  Key IP67 rating for dust & water resistance
-  Lock IPX8 rating for water resistance and IP68 with special cover for dust
-  Operation temperature range: -20°C to 70°C / -10°F to 158°F
-  In-Key Battery
-  Battery life: 5 years / 20,000 cycles
-  Warranty: 2 years
-  Programming is performed via software and a programming device
-  Software requirements: OS Windows 2000, Windows XP, Server 2000 or Windows Vista

# SMARTair

Your Access. Your Control.

# SMARTair® - Your Access. Your Control

## Real-time access control

What's happening at your premises right now? Working together, SMARTair® intuitive access control software and wireless door entry systems provide a detailed security overview of the building: who enters, where and when? With a SMARTair® access control system you stay in control, in real time.

## Time-saving management of access credentials and users

Because SMARTair® has a portfolio of tailor-made solutions, you can choose the system you need to manage access with minimal effort. Time schedules and permissions calendars for different user groups are easy to create with the intuitive software. So, should the tenant lose their credential, canceling it and issuing a replacement is simple, secure and instantaneous.

### Experience SMARTair®

User friendly access control solution that helps you increase the security, control, and value of your property with ease

A single solution for the entire building

Real-Time Information

The system devices are 100% autonomous and functional

Full control over points of entry

Encrypted communications

Mobile Apps to open doors using your phone

Low maintenance

Lockdown, real-time, emergency security in seconds, when you need it (Optional)

## SMARTair® Lock Options

### i-max

Available options:

- Wireless or Update On Card
- Cylindrical or Mortise Lock Body
- Keypad
- Vestibule or Passage Function
- Bluetooth
- Alternate Handle Shapes and Finishes
- Can work with panic bar. Requires a special plate

Available with  
override cylinder

Available with  
keypad option

## Wide ANSI

### Available options:

- Wireless or Update On Card
- Cylindrical or Mortise Lock Body
- Cylinder Override
- Panic Exit Device option available
- Recommended for High Traffic doors
- Weather resistant
- Available in Satin Chrome with Toledo Lever Only

Available  
with keypad option

## i-volution

SMARTair® i-volution is where the familiar, convenient features of an electro-mechanical lock are required, including door position monitoring.

### Available options:

- Electronic privacy button
- Reduced hardware installed on the surface of the door
- Bluetooth & wireless capability
- Override cylinder option

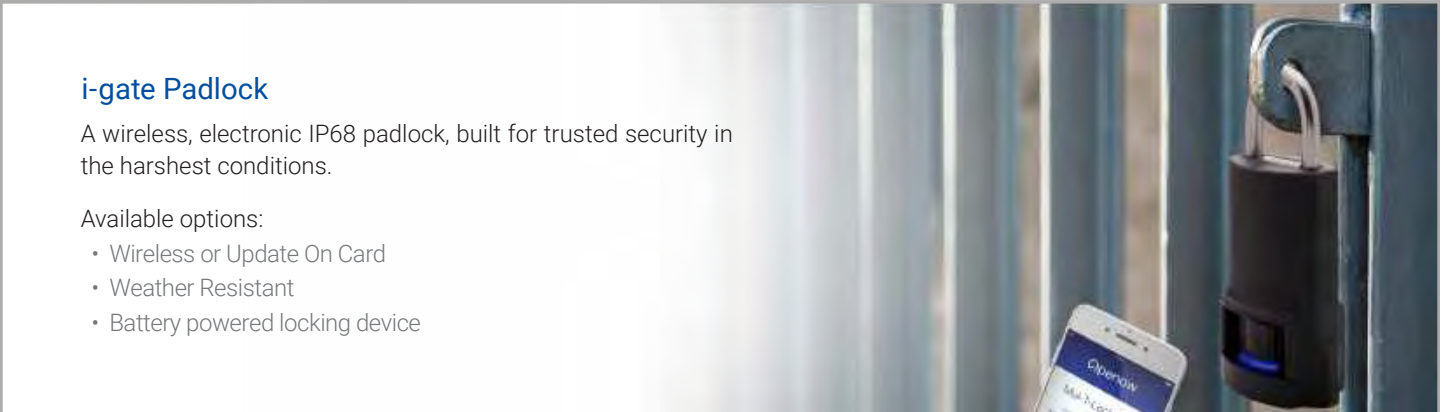

## i-gate Padlock

A wireless, electronic IP68 padlock, built for trusted security in the harshest conditions.

### Available options:

- Wireless or Update On Card
- Weather Resistant
- Battery powered locking device

## Wall and Elevator Readers

Solution for any Electrical Door Openings

### Available options:

- Wireless or Update On Card
- Keypad option available
- Elevator control option

## SMARTair® Management Software

For the ultimate in access flexibility, SMARTair® TS1000 software enables system administrator from any device. Manage offline, Update on Card and online devices within the same installation and one interface.

The SMARTair® TS1000 software is the most intuitive management software on the market. It brings flexibility and — if required — real-time control to any installation. Easy upgradability, a core SMARTair® philosophy, is right at the heart of your TS1000 software user experience.

### Manage Multiple Users

With SMARTair® TS1000 Web, you can opt to manage access rights with calendar schedules for different user types.

### System Flexibility

The system's ongoing flexibility lets you easily incorporate new doors, new users and permissions, calendars and time zones. Up to 30 separate schedules can be incorporated.

### Combine Online and Offline

With SMARTair® TS1000 Web, you can easily combine different management systems within one installation.

### Product Integration

Open API and SDK, for integration onto other property access/management systems

## SMARTair® Remote Opening Mobile App

- Mobile phones can be used to open doors using secure SMARTair® App, available for Android and iOS
- Allows any authorized user to remotely open doors from anywhere
- Operates as a remote opening device

## OpenNow Bluetooth Mobile App

- Easy access and convenience for everyone with the latest access technology.
- Unlocks your door by simply holding your phone to the SMARTair® lock
- Utilizes BLE (Bluetooth Low Energy) technology
- Operates as a virtual credential
- Collects all events each time a door is open using the app
- Revocation of keys at any time

Different types of credentials allow end users to carry them in the most convenient ways

## Multiple Credential Options

Fob

Sticker

Card

Tag

Bracelet

\* Pictures for illustration purpose only

Fitness Center

Parking Garage

Laundry Room

Storage Facility

Elevators

Mail Room

Designed for residential and commercial environments

## Flexible, safe and smart for you

### Property owners can:

- Send and revoke keys remotely
- Open doors remotely
- Update doors in real-time
- Get additional notifications such as low battery or door left open (door sensor needed)
- View live audit trail

### Tenants and Users can:

- Open their doors with their smartphone, access cards, fobs, or bracelets
- Access different areas of the building with one credential
- Access their door anytime/anywhere (Wireless App)

### Architects can:

- Create solutions to suit just about any door opening in the building, including main entrances, gyms, and common areas
- Equip locking hardware with a wide range of finishes and handles to suit any design style

### System Integrators can:

- Easily retrofit system with wireless and battery-powered electronic locks
- Utilize wired wall readers to operate any electrified door openings
- Choose the right technology for the client and installation from a full wireless online solution

Wireless HUB links SMARTair® Software and the RF module in the escutcheons, wall readers, and knob cylinders.

i-gate padlock for exterior, non-electrified gates and fences.

Wall readers and Elevator Controllers

Easily installed on any access point. Provides control over all access points.

Robustness and resistance: more than 105,000 cycles

## HOW TO ORDER

To order SMARTair® Wireless System you will need the following:

- Wireless Management Kit
- Hub(s)
- SMARTair® Wireless Locks & / or Readers
- Credentials
- SMARTair Mobile App. for remote opening (optional)
- OpenNow Mobile App. for Bluetooth credentials (optional)
- Override Mortise Cylinders (optional)

To order SMARTair® Update on Card System you will need the following:

- Management Kit
- SMARTair® Locks & / or Readers
- Credentials
- Optional: Override Mortise Cylinders

To order SMARTair® Stand Alone System you will need the following:

- Programming Card
- SMARTair® Locks & / or Readers
- Credentials
- One Shadow Card for each Credential
- Optional: Override Mortise Cylinders

## MUL-T-LOCK® ELECTRIC STRIKES

An electric strike is an access control device used for doors. It replaces the fixed strike faceplate often used with a latchbar (also known as a keeper). Like a fixed strike, it normally presents a ramped surface to the locking latch allowing the door to close and latch just like a fixed strike would. However, an electric strike's ramped surface can, upon command, pivot out of the way when the lock on the door is in the locked position and the door is opened, allowing a user to open the door without operating the mechanical lock or using a mechanical key. After the door is opened past the keeper, the keeper returns to its standard position and re-locks when power is removed or applied, depending upon the strike's configuration.

- **Fail Secure:** Also called fail-locked or non-fail safe. In this configuration, applying electric current to the strike will cause it to unlock. In this configuration, the strike would remain locked in a power failure, but typically the mechanical lock can still be used to open the door from the inside for egress from the secure side. These units can be powered by alternating current, which will cause the unit to buzz, or DC power, which offers silent operation, except for a "click" while the unit is powered
- **Fail Safe:** Also called fail-open. In this configuration, applying electric current to the strike will cause it to lock. It operates the same as a magnetic lock would. If there is a power failure, the door opens merely by being pushed or pulled. Fail-safe units are always operated with direct current.

Mul-T-Lock® electric door strikes are designed with an adjustable keeper to simplify the installation. The latch cavity accommodates locksets with a 1/2" to 5/8" throw in metal, wood or aluminum frames.

### » FEATURES

- BHMA Grade 2
- Burglary Resistant according to UL 1034
- 1,000 lbs. Static strength
- 33 ft-lbs. Dynamic strength
- Endurance rating 1,000,000
- Strike depth – 1-1/2"
- Adjustable keeper
- Fail secure or fail safe
- Fully reversible for right or left-hand doors
- Continuous duty operation (DC)
- Mechanical override optional

### » APPLICATIONS

- Commercial Centers
- Industrial Buildings
- Educational Facilities
- Retail Outlets
- Health Care Institutions
- Office Complexes

## THE UNISTRIKE 9338 SUPPLEMENTARY LOCKING

The innovative Unistrike 9338 locking is an elegant, universal solution.

It is used in doors as an access control locking system, as well as on hatches, cabinets or lockers.

The compact solution combines an electric strike with a magnetic bolt counterpart. Thanks to its low installation depth, it is particularly suitable for modern, narrow door designs.

Low installation depth and subsequent adjustment options.

The newly developed magnetic bolt counterpart is significantly more compact than other solutions on the market. After installation, the bolt can be adjusted to the door situation using the FaFix® adjustment options on the electric strike and counterpart.

The bolt used is particularly quiet due to its good sliding properties and does not require any lubrication.

As an integrated solution, Unistrike offers greater tamper protection compared to conventional holding magnets. And as a surface-mounted solution, it is ideal for retrofitting.

Quickly installed alternative for suitable retrofitting

Complete Integration – Continuous surface

Quickly installed alternative for retrofitting

Unistrike consumes much less energy compared to conventional magnets.

The surface mounting of Unistrike is extremely easy and fast.

\* Adhesive Set may be needed but not included

Example of application areas:

- Doctor's offices
- Law offices
- Washrooms
- Interlocking systems
- Laboratories

## CODE-HANDLE®

4 digits separate your private or sensitive belongings in public spaces.

Code Handle® works with an electronic code. This way only authorized people, like office staff, can unlock the door. Enter the code on the handle's keypad and the door opens. Code Handle® works in parallel with your existing locking

unit: keep your cylinder or lock and just change the handle to a battery-powered one. No need to wire the door. No need to install an electronic access control system.

### Autolock

How frequently do you enter and leave your office?

No more needing to remember to lock the door.

### Easy to install and retrofit

All it takes is 2 screws to fit a Code Handle® on almost any interior door. You can set up to 9 different user codes.

### Keyless and convenient

Secure your private rooms without keys, no wires and no expensive access control system. It's simple with Code Handle®.

### Application

Code Handle® helps to control private access in public spaces, like archives, stock rooms, guest restrooms, medical storage or offices.

## CODE HANDLE TECHNICAL DATA AND FEATURES

<b>Power supply</b>	2 × lithium-ion batteries 3 V (CR2); > 30,000 cycles life	<b>Door types</b>	Fits most internal doors
<b>Codes</b>	9 user codes (4 – 6 digits), 1 master code (6 digits)	<b>Door thickness</b>	Suitable for 35 - 80mm (1.378" - 3.15")
<b>Signals</b>	LED display (GREEN, RED)	<b>Fire tested</b>	According to EN 1363
<b>Door requirements</b>	Interior doors	<b>Finish</b>	6%

## INTELLIGENT KEY MANAGEMENT SYSTEMS

Mul-T-Lock offers Traka21® to easily manage and secure keys and other assets. Traka21® is a sophisticated stand-alone key management system which combines innovative RFID technology and robust design to provide small and medium size businesses with the advanced management of 21 keys or keysets in an affordable plug and play unit. Simple, efficient, and cost-effective, Traka21® helps trace and account for every key or keyset, which are individually locked in place.

### » OPERATION

- Stand-alone Plug & Play solution with advanced RFID technology
- Touchscreen interface
- PIN access to designated keys or keysets which are individually locked in place
- Keys are securely attached using special security seals
- Simple to configure through setup wizard
- No requirement for network connection or PC
- Can be mounted on the wall
- Optional battery backup

### » TRAKA21 FEATURES

- User, key and access rights administration
- Screen based audit trail and reporting capability or export via USB port
- 21 robust, long-life iFobs with security seals
- 21 locking receptors with LEDs
- Compact steel housing with no exposed hinges or obvious access points
- Manual override and door release functions in case of emergency
- Audible alarms

# Mul-T-Lock®

High Security Cylinder Platforms

## NEW STYLE METAL KEYS

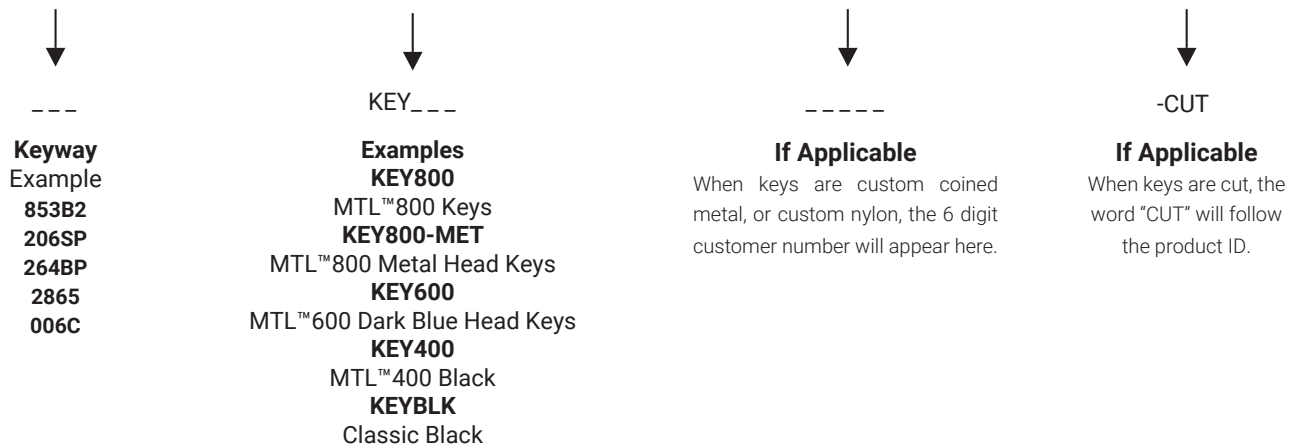

## Understanding Mul-T-Lock® Part #'s

Each product that is or accepts a key (Key Blanks, Cylinders, Deadbolts, Padlocks, etc...) must begin with the keyway (i.e. 206SP, 006C, etc...). Key Order Cards must also begin with keyway.

The following are some part # examples.

### Keys

Key part #'s will define if keys are blank or cut, and the color of their head if applicable.

When keys are sold as blanks, they are supplied in boxes of 50. Therefore 1 unit equals 1 box of 50 key blanks (excluding Hercular® Captive Key, and ICC Key Blanks, which are also sold as individuals). Cut keys are sold as individuals. Therefore 1 cut key is a single cut key. Single cut keys are not available on all the platforms. **All dealer keyways for MTL™800 will use 853B2 as the keyway designation for blank keys and sub assembled products.**

### Cards

Card part #'s will define if cards are to a random code or if they are duplicate.

## Additional Part # Information

### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

# MTL™ 800

Meets high international standards to offer enhanced resistance to picks, drills, bumps, and other forms of lock manipulation.

- Fully backward compatible with the previous MT5®+
- Supports large and complex master key systems
- Ability to create exclusive keyways
- Integrates with wide range of products
- Offer a variety of keying options
- The same key cutting machines, the same tooling and the same pinning kit.

(With the exception of a change to a new Alpha Centric Pin)

\* The product contains the inventions contained in MT5®/ MT5®+ products which is patent protected until 2025. In addition, patent application were filed with respect to another invention contained in this product but patents have not yet been granted as of March 2023 ("Patent Pending").

# MUL-T-LOCK®

KEY CUTTING MACHINES, PINKITS & TOOLS

Mul-T-Lock® strives to empower our partners with the finest tools of the trade by offering Mul-T-Lock® brand machinery, an extensive range of tools and pinning kits and many useful resources for providing exceptional service and high security.

## Description

KC5™ is Mul-T-Lock® Machinery's perfect answer for the modern-day locksmith in search of new professional horizons.

Computerized, intelligent and automatic, this elegant key-cutting machine responds to the needs of all customers – large and small, and from single key orders to extensive projects requiring complex security solutions.

Compatible with all Mul-T-Lock® key platforms including the ground-breaking MT5+® and the new MTL™800, KC5™ offers cut-to-code capabilities based on magnetic card readings, as well as key marking features together with user-friendly software.

A web-based Machine Management System specially developed by Mul-T-Lock® provides this smart machine with advanced configuration, authorization and service management capabilities.

## Specifications

Width: 19.7"

Height: 14.2"

Depth: 13.4"

Motor: Single phase 300W

Voltage: 110v 60 Hz

Weight: 71.5 lb.

Approval: CE Machinery Directive (89/392/EEC)

## Compact II Key Cutting Machine

### Description

Mul-T-Lock® Machinery's compact II manual key-cutting machine is a modern, high-precision, CE-certified machine that cuts Mul-T-Lock® cut-to-code keys from the MTL™ 600, MTL™ 400 and original Classic series.

Set to the correct combination by the key registration card – included in the original package sold to the customer – the machine cuts keys according to the manufacturer's initial specifications. Cutting is performed one side at a time, allowing for a different combination on either side of a single key blank.

The machine is capable of cutting side and back pins. It is lightweight, weighing only 20.6 kg (45 lbs.), and is conveniently equipped with a handle for portability. The machine can be used in vehicles with a suitable power supply (not included).

### Specifications

Width: 9 5/8"

Height: 12 7/8"

Depth: 14"

Motor: Single phase 245W

Voltage: 110v 60Hz

Weight: 20.6kg (45 lbs)

Approval: CE Machinery Directive (89/392/EEC)

## CYLINDERS

## How to Order:

### Mortise Cylinders

Mortise Cylinder part #'s will define size and cam type with which it is supplied.

\* MT5+ is available only through special order; Minimum Order Quantity (MOQ) applies

\* Interactive cylinders follow MTL™ 800 pricing

\* Classic cylinders follow MTL™ 600 pricing

\* Integrator cylinders follow MTL™ 600 pricing

## Additional Part # Information

### Sub-Assembled

If product is MTL™ 600 Sub-Assembled, then the MTL™ 600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™ 600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

### MTL™ 600 Part Numbers

MTL™ 600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™ 600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™ 600 keyway, sub-assembled single Hercular® in 605 finish

**HOW TO ORDER:** Please refer to page 66

# EUROPEAN PROFILE CYLINDERS

## How to Order:

### European Profile Cylinders

European Profile Cylinder part #'s will define size, cam or gear, single with thumb turn or double key type. Sizes are listed with the metric system. To convert inches to millimeters, use the following formula: **1 inch is 25.4 mm** (multiply by 25.4). The number on the left is the key side for the outer portion of the cylinder. The number on the right, after the C or G that indicates cam or gear, is the thumb turn side or the inner portion of the cylinder.

Keyway	Product	Finish	Keying
Example 616B2 248GP 206SP 236X 006C	(Including Cam / Gear / Key on both sides or thumb turn) Example E33C33T = 33mm by 33mm with thumb turn and cam in the center E33G43D = 33mm by 43mm with key on both sides and gear in the middle E42.5H = 1/2 cylinder with key or thumb turn 42.5mm total length	Example EB = Electro Brass 13 = Oil Rubbed Bronze* NS = Satin Nickel	D = Keyed Different A = Keyed Alike M = Master Keyed

For help to determine size needed, please email a picture or diagram of the cylinder next to a measuring tape where the size and measurements are clearly visible. For a list of possible sizes, see page 79.

Email: [support@mul-t-lockusa.com](mailto:support@mul-t-lockusa.com)

We will need to know A, B, and C measurements for double cylinders and A & B measurements for half cylinders:

For offset cylinders with thumb turn, indicate the side for thumb turn. \*13 Finish Cylinders add \$76.25 to list price

### Double or Single Cylinder

## Additional Part # Information

### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

## Double or Single Cylinder

European Profile Cylinders can be built. Below are possible sizes for thumb turns side and key side. Additional sizes are possible. **Please call customer service at 1-800-MULTLOCK.** Be sure to have the size of the overall length of the cylinder required (measurement A as in the diagram shown), the measurement from the edge of the cylinder to the center of the center cam on both sides (measurement B and measurement C).

Item #	Description	Sub Assembled	Keyed Random	Master Keyed
SCANEXT	ASSA® Type External Oval Cylinder (Anderson Swinging Doors)	\$133.86	\$153.21	\$173.12

SCANEXT cylinder fits Anderson swinging door locks.  
Prices above are for Brass and Satin Nickel finishes only. For 13 finish, add \$76.25 to the list price

How to Order:

Scandinavian Oval Cylinders for ASSA® Type Locks

ASSA® type external oval cylinder part #'s will define the function of the product.

## DEADBOLTS

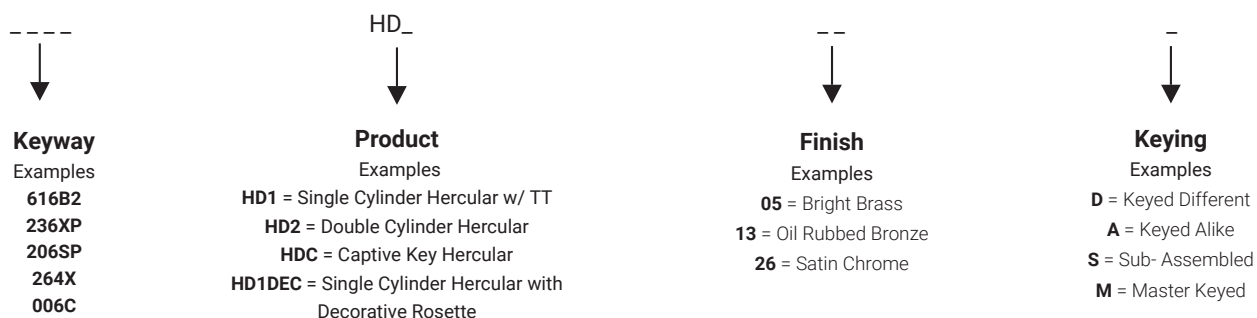

Mul-T-Lock® deadbolt offering includes Grade 1 solutions to provide the right levels of security for the right applications.

Grade 1 options include: the premier Hercular® Deadbolt in both standard and decorative variations; the Anti-Ligature deadbolt with non-angular design and institutional safety-type locking function, which only allows locking from the outside; and the Grade 1 Latch Lock for areas where self-latching is required.

## How to Order:

### Hercular Deadbolts

Hercular Deadbolt part #'s will define the function of the product. The bolts for Hercular Deadbolt are adjustable

### Gate Latch Locks

Gate Latch Locks are available as single cylinder with thumb turn, or double cylinder with key on both sides. Part #'s will define the function. Latches are not adjustable so size must be indicated: U8 = 2 3/8" / U4 = 2 3/4".

To order latches separately for Gate Latch Locks, there are 2 part #'s needed:

PLK-ADAPT-PLLLAT & PLK-GLLLAT-2U\_ \_ \_ - indicate backset size: U8 for 2 3/8" and U4 for 2 3/4" and finish: 05 for bright brass and 25 for silver.

## Additional Part # Information

#### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

#### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

#### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

#### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

This item is not sold without cylinder.

# MUL-T-LOCK®

AVAILABLE COLORS

## MTL™800

## MTL™600

COLOR CODED DOTS

\*Color of the inserts may appear different in printing.

FOR PROJECT PRICING CONTACT MUL-T-LOCK® USA INC AT 1-800-MULTLOCK

## UTILITY FURNITURE & RETAIL LOCKS

## How to Order:

**Cam Locks** - Cam Lock part #'s will define the diameter, length, and function of the product.

CL19 cam locks are **NOT** available in MTL™800

**Switch Locks** - Switch Lock part #'s will define the diameter of the product.

SW19 is **NOT** available in MTL™800

**Drawer Latch Locks (not available in MTL™800) -**

Drawer Latch Lock part #'s will define the length of the cylinder recessed in the product.

## Additional Part # Information

### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

### Padlocks

Padlock part #'s will define the series, size, shackle length, and options of the product.

## Additional Part # Information

### Sub-Assembled

If product is MTL™600 Sub-Assembled, then the MTL™600 Disc combination will be replaced with an "X". This is done because there are no keys or plug pins included with the product, so there is no pin stack in the MTL™600 chamber. Since this is the case "S", "B", and "G" are not relevant.

### Example

When entering an order for Hercular® Deadbolt in Bright Brass, Sub-Assembled, the part # will be:

- Instead of 206-HD1-05-S, use 206XP-HD1-05-S

### MTL™600 Part Numbers

MTL™600 part numbers will contain a "P" after the "X", "S", "B", or "G" in the keyway portion of the part number.

### Example

Compare the part numbers for an Interactive® Hercular® deadbolt and an MTL™600 one below:

- 206X-HD1-05-S = 206 Interactive® keyway, sub-assembled, single Hercular® in 605 finish
- 206XP-HD1-05-S = 206 MTL™600 keyway, sub-assembled single Hercular® in 605 finish

## MOTOR VEHICLE PROTECTION

**NEW**

# MVP™ 1000

## VAN LOCKING SOLUTION

For rear and side doors

Quick and  
easy setup

Easy to use

Suitable for a wide  
range of vehicles

# MVP™2000

(ArmaD Lock)

## VAN LOCKING SOLUTION

MVP™2000 (ArmaDLock) was designed to fortify the security of commercial vehicles, in particular, those carrying goods and equipment. Simple to use and install, MVP™2000 (ArmaDLock) fits almost any type of vehicle door, both rear and sliding.

### Application

Using a Hasp locking system, MVP™2000 (ArmaDLock) is applied to commercial vehicle cargo compartment doors and can be used for other applications with similar needs or structure, for example: entrance doors (single or double), electrical cabinets etc.

Non-corrosive lock body

Soft seals and cylinder dust cover to keep out road grime and environmental debris

Light-weight 12 mm steel locking bolt

Key to open and push buttons to lock

5 XXX-RIM1__-__	Cylinder Body for Rim Cylinder (Underscores indicate a variable value: Tail, & Finish) - MTL™600	\$107.56
6 PCY-RIM-PRING	Plug Ring for Improved Rim Cylinder	\$4.22
7 PCY-CT-RIM__	Tailpiece for Rim Cylinder (As Needed, See Rim Cylinder Parts Section)	\$4.99
8 PCY-CT-DISCRIM	Actuating Disk for Rim Cylinder	\$5.15
9 PCY-SCR-PLUG	Plug Screw Phillips M2.3 x 6	\$1.69
10 PCY-CVR-CYL-6-MT5	Spring Cover for Mortise//Rim Cylinder (5 Chamber)	\$3.25
11 N/A	Anti Drill Pin (Not Sold Separately)	N/A
12 PCY-SPR-BOD-STD / pcy-mtspr-bod-std	Body Spring Stainless Steel for Standard Product (Bag of 100)	See section on pins
13 PCY-PIN-BOD-STD / pcy-mtpin-bod-std	Body Pin Nickel Silver for Standard Product (Bag of 100)	See section on pins
14 PCY-PIN-PLG-_/ PCY-MTPIN-PLG-__	Plug Pins-Internal (As Needed, See Pin Section)	See section on pins
15 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
16 PCY-PIN-PLG-_/ PCY-MTPIN-PLG-__	Plug Pins-External (As Needed, See Pin Section)	See section on pins

## Parts for Rim Cylinders (Not Pictured)

Part #	Description	List Price
PCY-SCR-RIM-SET	Set Screw for Rim Cylinders M5 x 45 (Sold individually or include in Hardware Kit)	\$4.81
PCY-SCR-RIM-SET-XL	Set Screw for Rim Cylinders M5 x 80 (Sold individually)	\$7.19
PCY-RIM-BP	Backplate for Rim Cylinders (Included in Hardware Kit. Order Part #: PCY-RIM-HRWR)	N/A
PCY-BB-RIM	Ball Bearing Anti-Drill 3mm Dia. (Included in Hardware Kit. Order Part #: PCY-RIM-HRWR)	N/A
PCY-RIM-HRWR	Complete Hardware Package for Rim Cylinders	\$15.75

## Rim Cylinder Tailpieces

Part #	Description	List Price
PCY-CT-RIMVT	Vertical Tail for Rim Cylinders (1.875" Length)	\$4.99
PCY-CT-RIMVTX	Vertical Tail for Rim Cylinders (2.460" Length)	\$7.32
PCY-CT-RIMHT	Horizontal Tail for Rim Cylinders (1.875" Length)	\$4.99
PCY-CT-RIMHTX	Horizontal Tail for Rim Cylinders (2.460" Length)	\$7.32
PCY-CT-RIMPTP	Police Tail (Fox Type Lock) for Rim Cylinders	\$36.05

## Security Rings for Mortise and Rim Cylinders

Part #	Description	List Price
PCY-SR-MOR01-__	Security Ring for Mortise and Rim Cylinder (.22" Length) - Indicate Finish	\$22.58
PCY-SR-MOR02-__	Security Ring for Mortise and Rim Cylinder (.35" Length) - Indicate Finish	\$27.56
PCY-SR-MOR03-__	Security Ring for Mortise and Rim Cylinder (.48" Length) - Indicate Finish	\$31.20
PCY-SR-RIMFR	Recessed Flat Ring for Rim Cylinder	\$17.02

## Parts Schlage® Type Removable Core Retrofit

Part #	Description	List Price
1 MT52-CYL-ICCSH-26	Cylinder Body for Schlage® Type ICC - MTL™800	\$145.68
1 XXX-CYL-ICCSH-26	Cylinder Body for Schlage® Type ICC - MTL™600	\$126.09
2 PCY-SPR-BOD-STD / PCY-MTSPR-BOD-STD	Body Spring Stainless Steel for Standard Product (Bag of 100)	See Section on Pins
3 PCY-KIK-NUT	Plug Retainer Nut for Standard KIK Cylinders	\$4.10
4 PCY-ICCSH-TIP	Tip Stop Drive Cam for Schlage® Type ICC	\$4.22
5 PCY-ICCSH-ARING	Activator Ring for Schlage® Type ICC	\$4.22
6 PCY-ICCSH-APIN	Activator Pin for Schlage® Type ICC	\$4.22
7 PCY-ICCSH-EPIN	Engaging Pin for Schlage® Type ICC	\$4.22
8 N/A	Locking Pin for Schlage® Type ICC (Not Sold Separately)	N/A
9 N/A	Engaging Disc for Schlage® Type ICC (Not Sold Separately)	N/A
10 PCY-KIK-RPIN	Retainer Pin for KIK Cylinders	\$4.22
11 PCY-ICCSH-CVR-XX	Face Cover for Schlage® Type ICC (Not Sold Separately)	N/A
12 PCY-CVR-ICCSH	Body Spring Cover for Schlage® Type ICC	\$3.25
13 PCY-ICCSH-DPLATE	Anti-Drill Plate Schlage® Type ICC (Not Sold Separately)	N/A
14 PCY-KIK-RSPR	Retainer Pin Spring for KIK Cylinders	\$0.90
15 N/A	Spring for Locking Pin for Schlage® Type ICC (Not Sold Separately)	N/A
16 853B2PG-ICCSH-26	Cylinder Plug for Schlage® Type ICC (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™800	\$105.60
16 _ _ _PGP-ICCSH-26	Cylinder Plug for Schlage® Type ICC (Underscores indicate a variable value: Specify Keyway, & Finish) - MTL™600	\$91.37
17 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
18 PCY-PIN-PLG- / PCY-MTPIN-PLG- _	Plug Pins-External / Internal (As Needed, See Pin Section)	See Section on Pins
19 PCY-PIN-BOD-STD / PCY-MTPIN-BOD-STD	Body Pin Nickel Silver for Standard Product (Bag of 100)	See Section on Pins
PCY-ICCKITINT+ -TRIL	Tail and Adaptor for Trilogy (Not Pictured) MTL™600 & MTL™400	\$45.75
PCY-ICCKITMT5-TRIL	Tail and Adaptor for Trilogy (Not Pictured) MTL™800	\$99.70

## Parts Yale® Type Removable Core Retrofit

Part #	Description	List Price
1 853B2PG-ICCYA6-26	Cylinder Plug for Yale® Type ICC - MTL™800	\$105.60
1 _ _ _PGP-ICCYA6-26	Cylinder Plug for Yale® Type ICC (Underscores indicate a variable value: Specify Keyway) -MTL™600 OR MTL™400	\$91.37

9 PCY-ANTIDRILL-PLAT	Anti-Drill Crescent for Cam/Switch Lock 3/4" Ø	\$2.11
10 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A

# Utility & Furniture Lock Parts

## Parts for Key Deposit Lock

Part #	Description	List Price
A _ _ _ -KEYDEP-25	Key Deposit Lock Cylinder (625—Bright Chrome) (Specify Keyway)	\$335.47
B LCK-KEYDEP-TUBE-1	Tube for Key Deposit Lock—5.23" Length	\$378.87
1 PCY-FACE-KEYDEP-25	Cylinder Face Cover for Key Deposit Lock (625—Bright Chrome) (Not Sold Separately)	N/A
2 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
3 N/A	Anti-Drill Crescent (Not Sold Separately)	N/A
4 _ _ _ PG-KEYDEP-NS	Cylinder Plug for Key Deposit Lock Cylinder (Nickel Satin) (Not Sold Separately)	N/A
5 PCY-KEYDEP-PIN	Cylinder Pin for Key Deposit Lock Cylinder (Not Sold Separately)	N/A
6 PCY-BOD-KEYDEP	Cylinder Body for Key Deposit Lock Cylinder (Not Sold Separately)	N/A
7 PCY-MOR-SPACE-1	Tip Stop Spacer for Mortise 1 1/4" & HRC Cylinders	\$5.16
8 PLK-HD-CT-DISC	Tailpiece Locator Disc for HRC/SCAN	\$5.15
9 PCY-KEYDEP	Activator for Key Deposit Lock Cylinder (Not Sold Separately)	\$5.75
10 PCY-SCR-PLUG	Plug Screw Phillips M2.3 x 6	\$1.69
11 PCY-CT-KEYDEP	Tailpiece for Key Deposit Lock Cylinder	\$8.80
12 PCY-KEYDEP-BLT	Locking Bolt for Key Deposit Lock Cylinder (Not Sold Separately)	N/A
13 N/A	Anti-Drill Pin (Not Sold Separately)	N/A

## Parts for Push Lock

Part #	Description	List Price
1 PCY-SR-PUSH-25	Security Collar for Push Lock (Not Sold Separately)	N/A
2 PCY-PUSH-GASK	Rubber Mounting Gaskets for Push Lock (Not Sold Separately)	N/A
3 PCY-PUSH-CYL-SPR	Cylinder Spring for Push Lock (Not Sold Separately)	N/A
4 PCY-PUSH-HOUSE-25	Housing for Push Lock (Not Sold Separately)	N/A
5 PCY-SCR-PUSH	Mounting Screw for Push Lock (Not Sold Separately)	N/A
6 PCY-SCR-PUSH-RET	Retainer Screw for Push Lock Cylinder	\$1.59
7 _ _ _ PGP-FCC-26	Cylinder Plug for Push/File Cabinet Lock (specify Keyway) - MTL™600	\$91.37
8 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
9 PCY-PIN-PLG-_	Plug Pins-External (As Needed, See Pin Section)	See Section on Pins
10 PCY-PIN-PLG-_	Plug Pins-Internal (As Needed, See Pin Section)	See Section on Pins
11 PCY-FCC-BLT	Locking Bolt for File Cabinet/T-Handle Lock Cylinder (Not Sold Separately)	N/A
12 PCY-FCC-BLT-SPR	Spring for Locking Bolt for FC & T-Lock (Not Sold Separately)	N/A
13 PCY-FCC-BLT-ACT	Activator for Locking Bolt for FC & T-Lock (Not Sold Separately)	N/A
14 XXX-PUSH-26	Cylinder Body for Push Lock	\$85.16
15 PCY-PIN-BOD-7/8	Body Pin nickel Silver for 3/4" Ø Product (Bag of 100)	See Section on Pins
16 PCY-SPR-BOD-KIK	Body Spring Stainless Steel for KIK/KID, 7/8" Ø Product (Bag of 100)	See Section on Pins
17 N/A	Anti Drill Pin (Not Sold Separately)	N/A

## Parts for Drawer Bolt Lock

Part #	Description	List Price
1 N/A	Cylinder for Drawer Bolt Lock (Not Sold Separately)	N/A
2 PCY-DLL-FRONT	Front Plate for Drawer Latch Lock (Not Sold Separately)	N/A
3 PCY-DBL-ACT	Activator for Bolt for Drawer Bolt Lock (Not Sold Separately)	N/A
4 PCY-DBL-BLT-SPR	Spring for Bolt Mechanism for Drawer Bolt Lock (Not Sold Separately)	N/A
5 PCY-DBL-BLT	Bolt Mechanism for Drawer Bolt Lock (Not Sold Separately)	N/A
6 PCY-DLL-BACK	Back Plate for Drawer Latch/Bolt Lock (Not Sold Separately)	N/A
7 PCY-SCR-DLL-BACK	Assembly Screws for Drawer Latch/Bolt Lock (Not Sold Separately)	N/A

## Parts for Drawer Bolt Lock (Not Pictured)

Part #	Description	List Price
___ PGP-DBL1-26	Cylinder Plug for Drawer Bolt Lock (specify Keyway) (Not Pictured) - MTL™600	\$91.37
___ PG-DBL1-26	Cylinder Plug for Drawer Bolt Lock (specify Keyway) (Not Pictured) - Interactive®	\$105.60
XXX-DBL-26	Cylinder Body for Drawer Bolt Lock (Not Pictured)	\$93.84
PCY-SR-DLL	Security Ring for Drawer Latch/Bolt Lock (Not Pictured)	\$10.90

## Parts for Drawer Latch Lock

Part #	Description	List Price
1 PCY-DLL-BACK	Back Plate for Drawer Latch/Bolt Lock (Not Sold Separately)	N/A
2 PCY-SCR-DLL-BACK	Assembly Screws for Drawer Latch/Bolt Lock (Not Sold Separately)	N/A
3 PCY-CT-DLL	Cam for Drawer Latch Lock (Not Sold Separately)	N/A
4 PCY-DLL-LAT	Bolt Mechanism for Drawer Latch Lock (Not Sold Separately)	N/A
5 PCY-DLL-FRONT	Front Plate for Drawer Latch/Bolt Lock (Not Sold Separately)	N/A
6 N/A	Cylinder for Drawer Latch Lock (Not Sold Separately)	N/A
7 PCY-DLL-LAT-SPR	Spring for Latch Mechanism for Drawer Latch Lock (Not Sold Separately)	N/A
8 PCY-SCR-PLUG	Plug Screw Phillips M2.3 x 6	\$1.69

## Parts for Drawer Latch Lock (Not Pictured)

Part #	Description	List Price
___ PGP-DLL_-26	Cylinder Plug for Drawer Latch Lock (specify Keyway & Size) (Not Pictured) - MTL™ 600	\$91.37
___ PG-DLL_-26	Cylinder Plug for Drawer Latch Lock (specify Keyway & Size) (Not Pictured) - Interactive®	\$105.60
XXX-DLL_-26	Cylinder Body for Drawer Latch Lock (Specify Size) (Not Pictured)	\$93.84
PCY-SR-DLL	Security Ring for Drawer Latch/Bolt Lock (Not Pictured)	\$10.90

## Parts for FireKing® File Cabinet Cylinder

Part #	Description	List Price
1 --- PGP-FKC-26	Cylinder Plug for FireKing® File Cabinet Lock Cylinder (MTL™600) (specify keyway)	\$91.37
--- PG-FKC-26	Cylinder Plug for FireKing® File Cabinet Lock Cylinder (Interactive®) (specify keyway)	\$105.60
2 PCY-PIN-PLG-__	Plug Pins - External / Internal (As needed, See Pin Section)	See Section on Pins
3 PCY-ANTIDRILL-PLAT	Anti-Drill Crescent for Cam/Switch Lock 3/4" Ø	\$2.11
4 PCY-PIN-BOD-3/4	Body Pin Nickel Silver for 3/4" Ø Product (Bag of 100)	See Section on Pins
5 PCY-SPR-BOD-3/4	Body Spring Stainless Steel for 3/4" Ø Product (Bag of 100)	See Section on Pins
6 PCY-FCC-BLT-SPR	Locking Bolt Spring for File Cabinet / T-Handle Lock Cyl. (Not Sold Separately)	N/A
7 PCY-FKC-BLT	Locking Bolt for T-Handle Lock Cylinder	\$9.09
8 PCY-FCC-BLT-PIN	Retainer Pin for Locking Bolt for T-Handle Lock Cylinder (Not Sold Separately)	N/A
9 XXX-FKC-26	Cylinder Body for FireKing® Lock Cylinder	\$187.27
10 N/A	Ball Bearing Anti-Drill (Not Sold Separately)	N/A
PLK-FKC-PLASTIC-EN	FireKing® - Lock Plastic Encasement (Not Pictured)	\$48.32
PLK-FKC-PIN-STUD	FireKing® - Lock Pin (Not Pictured)	\$48.32

## Parts for NE-Series Padlocks

Part #	Description	List Price
1 PPL-SHAC-NE_ _ _E_	Shackle for NE-Series Padlock (Specify Size)	N/A
2 PPL-ADAPT-NE-SHAC	Adaptor for NE-Series Padlock Shackle (Not Sold Separately)	N/A
3 PPL-NE_ _-BUMP	Protective Bumper for NE-Series Padlocks (Not Sold Separately)	N/A
4 PPL-NE_ _-BB	Locking Ball for NE-Series Padlock (Not Sold Separately)	N/A
5 PPL-NE-DUST-SPR	Spring for Dust Cover for NE-Series Padlocks (Not Sold Separately)	N/A
6 PPL-NE-DUST	Dust Cover Disc for NE-Series Padlocks (Not Sold Separately)	N/A
7 PPL-NE-CYLHOLD	Cylinder-Holder for NE-Series Padlock (Not Sold Separately)	N/A
8 PPL-NE_ _-ACT	Locking Actuator for NE-Series Padlock (Not Sold Separately)	N/A
9 _ _ _B2 -PPL-NE-_	Cylinder-Complete for NE-Series Padlock - MTL™800 (Underscores Indicate a Variable Value: Specify Keyway & Keying)	\$129.03
_ _ _ _PPL-NE-_	Cylinder-Complete for NE-Series Padlock - MTL™600 (Underscores Indicate a Variable Value: Specify Keyway & Keying)	\$113.19
_ 86 _ -PPL-NE-_	Cylinder-Complete for NE-Series Padlock - MTL™400 (Underscores Indicate a Variable Value: Specify Keyway & Keying)	\$91.49
10 PPL-NE-RETSR	Retainer Pin Screw for NE-Series Padlock (Not Sold Separately)	N/A
11 PPL-NE-RETPIN	Retainer Pin for NE-Series Padlock (Not Sold Separately)	N/A
12A N/A	Body for NE-Series Padlock Low Guard (Not Sold Separately)	N/A
12B N/A	Body for NE-Series Padlock High Guard (Not Sold Separately)	N/A
PPL-NE-HRWSET	Set of components: tail, locator disc, and screws (not pictured)	\$6.98
LST-SCR-NG-NE	Special Screw for Servicing NE / NG Padlocks (NOT PICTURED)	\$15.25

Cylinders for NE / NG-Series Padlocks

Part #	Description	List Price

# MUL-T-LOCK® MASTER KEYING

Mul-T-Lock® offers a quick and reliable solution to your master keying needs.  
Below is a list of terms and procedures to be used when requesting a Master Key System.

## » TERMS

GM - GRAND MASTER  
M... - SUB-MASTER OR CHANGE KEYS

Change or individual keys determine the sub-group or complete system level number.

For Instance:

A 2-Level System with 10 Change Keys

**Example:**

GM

M1 thru M10

A 3-Level System with 2 Subs and 5 Changes Under Each

**Example:**

GM

M1

M2

M1.1 thru M1.5

M2.1 thru M2.5

## » PROCEDURES

A Hierarchical (or tree) system is the most common Master Key System design.

To request a standard tree Master key system, please contact your local Territory Manager or our Customer Service for assistance.

A Matrix System is utilized when cross-keying needs to occur.

The Matrix chart will help you and your customer in the design of a Matrix system.

Begin by labeling the doors in one column and key holders in the other, then check the corresponding boxes to show authorizations. **See Page 208.**

Once this chart is filled out, email it to [orders@mul-t-lockusa.com](mailto:orders@mul-t-lockusa.com) with the subject line "Master Key System Request", and one of our technicians will work on the solution for you.

# MUL-T-LOCK® KEY & CYLINDER MAINTENANCE

In order retain warranty eligibility, please review, implement and communicate to all users the proper maintenance procedures below to ensure continued proper function of Mul-T-Lock's high security keys and cylinders.

## » MUL-T-LOCK® KEYS (Pertains to all Mul-T-Lock® keys)

- Mul-T-Lock® keys must be kept clean and must retain a straight blade – do not use keys for anything other than their intended duty – to lock/unlock your lock cylinders (keys may not be used as a tool such as a knife, screwdriver, etc.)
- Additional Mul-T-Lock® keys may be obtained only from authorized Mul-T-Lock® dealers. Only genuine Mul-T-Lock® keys may be used to operate Mul-T-Lock® lock cylinders.
- Remember that the cuts of your keys contain personal information about your lock cylinder combination and must be treated like any other confidential information you have.

## » MUL-T-LOCK® CLIQ® SMART KEYS

(Additional care instructions for CLIQ® keys)

CLIQ® keys must be kept dry and be free of moisture, dirt and debris before insertion into a CLIQ® cylinder. Should CLIQ® keys come into contact with any liquid, allow keys to dry completely before attempting to insert it into a CLIQ® e-cylinder.

See below for further information on key indications:

# MUL-T-LOCK® KEY & CYLINDER MAINTENANCE

In order to retain warranty eligibility, please review, implement and communicate to all users the proper maintenance procedures below to ensure continued proper function of Mul-T-Lock's high security keys and cylinders.

## » MUL-T-LOCK® MECHANICAL AND E-CYLINDERS

- Mul-T-Lock® cylinders must be installed correctly into freely operating locks. A misaligned door or poorly installed lock will cause an unnecessary load and friction that can damage cylinders.
- Never paint any external or internal part of a cylinder, and do not hose or chemical wash.
- MECHANICAL Mul-T-Lock® Cylinders must be frequently lubricated with Mul-T-Lock® liquid lubricant. The frequency of lubrication required will depend upon weather, environment, cylinder usage and location. All cylinders must be lubricated at least twice per year. However, cylinders in particular conditions (such as those used on external doors) must be lubricated at least four times per year and whenever users experience difficulty in turning or inserting keys. Use only Mul-T-Lock® special lubricant. Please note that separate rules for lubrication apply to Mul-T-Lock's® CLIQ® e-cylinders (see below).

## » MUL-T-LOCK® KEYS & CYLINDERS IN A MASTER KEY SYSTEM

When Mul-T-Lock® keys and cylinders are part of a master key system, extra care is needed.

All Mul-T-Lock® keys related to a master key system must carry a designation marking, and may only be used in the cylinder for which it is intended. If a Mul-T-Lock® key fails to operate the cylinder(s) it is intended to open, the first action should be verification of key designation to ensure that the appropriate key has in fact been used. When in doubt, contact your authorized Mul-T-Lock® dealer.

- Mul-T-Lock® Keys related to a master key system must be carefully distributed to the appropriate key holders. Accurate and up-to-date records of key distribution should be maintained at all times by the end user to ensure that master key system owners know exactly how many of each key for their system is in circulation and who is in possession of each one.
- Cylinders must be frequently lubricated (See Mul-T-Lock® Cylinders section above).
- Additional Mul-T-Lock® master key system keys may be obtained only from the original authorized Mul-T-Lock® dealer that originally installed the master key system. If a change in the authorized Mul-T-Lock® dealer selected to maintain your master key system is needed, contact Mul-T-Lock® USA, Inc. for proper procedure instructions.

Failure to follow these procedures will void any warranty.

Limited Warranty and Conditions of Sale refer to Mul-T-Lock® USA, Inc. as “Mul-T-Lock®”; a genuine Mul-T-Lock® branded product(s) or offerings by Mul-T-Lock® USA, Inc. as “Product” or “Products”; authorized Mul-T-Lock® dealer, wholesaler or other direct buyer as “Authorized Dealer”; the end user where Mul-T-Lock® Product is installed as “End User”; Limited Warranty as “Warranty”.

## LIMITED WARRANTY

Mul-T-Lock® hereby warrants Product to be free of defects in material and/or workmanship for a period of \*One (1) year for SMARTair®, SMARTair® E-Motion Locks, Traka 21 (not including fobs or seals), Code Handle®, & Electric Strikes and \*Two (2) years for all mechanical products and CLIQ®, from the date of original purchase for use, subject to the terms and conditions indicated below.

For additional Warranty information or Warranty claim service, contact Mul-T-Lock® Customer Service at (973) 778-3320. In the event of a defect in material or workmanship during the Warranty period, Mul-T-Lock® will repair or replace (at its option) the Product under the conditions of this Warranty, this action being the sole remedy available under this expressed Warranty.

In order to initiate a review for eligibility of Warranty claim, End User must first return the Product to Mul-T-Lock®, through the Authorized Dealer from whom the Product was purchased. This return must follow Return Procedures as outlined on pages 204 and 205 be accompanied by proof of initial purchase from the Authorized Dealer. All shipping, handling, travel, service call and/or other incidental and/or related charges are payable by End User or Authorized Dealer only and are not included in this limited warranty.

### Limitations, Exclusions and other Rights:

- Mul-T-Lock® disclaims liability for implied warranties, including but not limited to those of merchantability or fitness for any particular purpose.
- Mul-T-Lock® disclaims liability for indirect, incidental or consequential damage at any time.
- Mul-T-Lock® key blanks are made from a special nickel silver alloy. Mul-T-Lock® warrants its mechanical keys against defects in workmanship or breakage for the life of the Product.
- Bitted Mul-T-Lock® keys must be precisely cut to exact depths. This Warranty shall be void and Mul-T-Lock® disclaims liability of any kind in the event any key other than a genuine Mul-T-Lock® key has been used with the Product or that the key has been cut on any machine other than a Mul-T-Lock® key cutting machine.
- Improper activity shall render this limited warranty void. “Improper Activity” includes any and all of the following: damage arising from in its sole judgment, improper installation; use/ operation/ maintenance other than in accordance with Mul-T-Lock’s instructions; extreme environmental conditions; use rates in excess of the industry standards defined for the type of product; repair or alteration by anyone other than the Authorized Dealer; and the use of keys, key blanks, key cutting machines, cylinders, locks, accessories, lubricants and/or other components that are not suitable and genuine Mul-T-Lock® Products.
- Unless otherwise specified by separate warranty, finishes for mechanical products are warranted for a period of two years following purchase for use. This finish Warranty shall be considered void after installation if, in the sole judgement of Mul-T-Lock®, the damage to the finish is the direct result of climatic conditions, chemical or abrasive actions.

- This Warranty does not grant any other rights or give rise to any other obligation, or absolve both Authorized Dealer and End User of the responsibility to employ any other suitable measures, by whatever means, including insurance, against the risk of personal injury or damage to property. This Warranty relates to Product's defects only. Mul-T-Lock® shall not be Liable, in any event, for labor costs associated with the Product and its installation process.

Basic Instructions for correct use of the Product are on pages 200, 201 & 203. Failure to adhere to these instructions shall render this Warranty void.

## MUL-T-LOCK® YOUR KEY TO HIGH SECURITY

### Basic Instructions and Requirements for Correct Use of Mul-T-Lock® Products

#### Keys:

- Keys must be used only for their intended purpose of operating their corresponding cylinder in normal use.
- Keys must be kept clean and must retain a straight blade.
- Genuine Mul-T-Lock® key blanks must be used.
- Keys must be inspected periodically and must be replaced when they show physical wear.

#### Cylinders:

- Installation must be performed by an authorized Mul-T-Lock® Dealer and/or a licensed locksmith only.
- A Cylinder is a mechanical device which requires regular preventive maintenance.
- Cylinders **MUST NOT** be submerged in water, or exposed to any chemical wash, or be painted.
- Protect the cylinder from dirt and dust.
- Protect your cylinder from exposure to extreme temperatures (-20C to +80C)
- CLIQ® cylinders utilized on any exterior door and/or any other outdoor application must be purchased with rain guard options (sold separately). Failure to specify the nature of the product's application and the need for rain guard option at the time of product purchase shall void the warranty.
- The cylinder's keyway must be lubricated with Mul-T-Lock® approved lubricant at least twice a year as normal maintenance. In heavy use environments and extreme weather conditions, lubrication must be performed every three months. Increased usage and exposure generally necessitate more frequent lubrication.

## CONDITIONS OF SALE

All activities made or negotiated with Mul-T-Lock® USA, Inc. ("Mul-T-Lock") and the dealers shall be subject to the terms and conditions set forth herein, which may be added to, modified or otherwise altered only in writing, signed by the President of Mul-T-Lock. Failure of Mul-T-Lock® to object to any provisions in any form of purchase document shall not be constructed as a waiver of these terms and conditions or an acceptance of any such provision.

### Shipping & Delivery

Unless otherwise agreed to in writing, all Products are shipped F.O.B. origin. Shipping dates provided by Mul-T-Lock® are estimates only. Mul-T-Lock® reserves the right to make partial deliveries and backorders. If complete shipment is required, the request must be in writing at the time of order placement.

### Choice of Carrier

Mul-T-Lock® will ship by carrier of its choice to any freight point within the United States.

### Shipping Charges, Taxes

Shipping and handling are additional and will be shown on the invoice(s) or other documentation. Buyer pays for all shipment charges. Free standard ground shipping is available for orders that meet the minimum threshold for free shipping. Buyer is responsible for taxes associated with the purchase.

### Orders

Mul-T-Lock reserves the right to refuse any order through notice to Buyer.

### Special Orders

Mul-T-Lock® reserves the right to define and/or redefine any product as a "special order" item (including both those that are listed in this book and those that are not). If an item is deemed by Mul-T-Lock® as a special order item, additional charges and minimum order amount requirements will apply.

### Changes & Cancellations

Changes or cancellations to an order can only be made if the order has not yet been processed by operations. Changes can result in delay in the scheduled delivery date. Additions to orders can be entered as a separate order. Special order items are not subject to changes or cancellation.

### Pricing

The price shall be Mul-T-Lock's® prevailing price at the time the order was accepted by Mul-T-Lock®. Mul-T-Lock® price lists are for general information only, and do not constitute a binding open offer by Mul-T-Lock® for the sale of Products. Mul-T-Lock® reserves the right to make modifications, or changes at any time without prior notice. All Products listed, which include a Mul-T-Lock® mechanical cylinder are priced as Keyed Different within their respective platforms, with 2 Nylon Head Cut Keys\*, and 1 Key Order Card per Combination. Certain keyways are supplied only with Metal Head Keys. Additional charges for Metal Head key conversions will apply. E-cylinders are provided without keys (keys may be purchased separately). Dealer discount for all electronic and electromechanical Products and keys will vary from dealers' normal discount structure (contact Mul-T-Lock® for pricing on these items).

We make every effort to provide the most accurate, up-to-date price book. In the event a product is listed at an incorrect price, Mul-T-Lock® has the right to refuse or cancel any orders placed at the incorrect price. If this occurs, the Dealer will be notified of the price error and order cancellation and will have an opportunity to purchase the item at the correct price.

## Payment

Unless otherwise agreed in writing, terms are pre-paid. Net 30 payment terms can be offered if certain qualifications are met. If payments are not made when due, buyer will pay, in addition to the overdue payment, a late charge equal to the lesser of 1.5% per month or the highest applicable rate allowed by law. Overdue accounts will be assigned to the credit department for all transactions. Once an account has been assigned to the credit department, no order may be taken, entered or shipped without approval from the credit manager. Buyer is responsible for all legal costs associated with collection of past due accounts.

## Claims

All discrepancies (shortages, incorrect shipments, damages etc.) must be claimed within two (2) days after receipt of material. All requests for returns must be submitted within ten (10) days of invoice date. Price differences must be submitted for verification within five (5) days of original invoice.

## Colors and Finishes

We make every effort to accurately display the colors and finishes of our Products. However, we cannot guarantee that the actual product finish will be exactly as displayed in this price book.

## General

Mul-T-Lock® will not be liable for performance delays or for non-performance, due to causes beyond its reasonable control. Disputes arising in connection with these Mul-T-Lock® terms and conditions of sale and service will be governed by the laws of the state of New Jersey, USA.

## Default of Infringement

In the event that anytime Buyer is in default of payment or infringing any of these terms, Mul-T-Lock® reserves the right to withhold delivery, cancel or terminate any order, and hold Buyer liable for any damage or expenses incurred by Mul-T-Lock®. In addition to the above, Mul-T-Lock® reserves the right to repossess any goods to which it has retained title as aforesaid and thereafter to sell the same without prejudice to any Mul-T-Lock® rights hereunder or otherwise. It is specifically agreed that any proceeds received by Buyer for sale of goods to a third party shall be held by Buyer in trust for Mul-T-Lock®, until final settlement with Mul-T-Lock®.

## Trademarks

The Mul-T-Lock® name and Muscleman Logo, and any other name, mark, or logo used by Mul-T-Lock® and marked by an ® or ™ sign are registered / pending trademarks of Mul-T-Lock Ltd. Mul-T-Lock® reserves the right to make any product improvements or modifications without prior notice.

## Returns

Mul-T-Lock® USA, Inc., accepts returns if the product is defective from a manufacturing flaw. If you need to make a return, fill out the RGA form from page 219 and email it to: [orders@mul-t-lockusa.com](mailto:orders@mul-t-lockusa.com) with the subject line: Return Request.

All requests for returns must be submitted, and coordinated with Mul-T-Lock® customer service and must be accompanied by a valid RGA#, visible on the outside of any package returned to Mul-T-Lock®. A 50% handling/restocking fee applies to all merchandise returned or refused for reasons other than incorrect shipping, product defects, and product warranties. Any item returned for credit must be in resaleable condition.

Any return sent without prior authorization will be refused, and sent back to the Buyer, at the Buyer's expense. If shipping a key machine for repair, dealer must purchase insurance for Loss and Damage Protection.

All product defects under product warranties will be repaired, or replaced with comparable product only. If product defect is found to be due to abuse, misuse or lack of proper maintenance, Mul-T-Lock® will inform the Buyer of the inspection details. Buyer will be quoted for the costs of the repair. If repair request is refused, then product will be returned to the Buyer along with an invoice for freight, and engineer inspection.

Non-refundable items include but are not limited to: CLIQ® & eCLIQ® Cylinders, CLIQ® & eCLIQ® Keys, and all CLIQ® Software, Products which are Keyed Alike, and/or Master Keyed, Key Blanks which are personalized, stamped, or coined, Key Order Cards which are personalized, stamped, or embossed, products which are not in their original packaging and in saleable condition, all other Products which have been modified, and all special order Products.
