

Mailbox Locks

USPS Mailbox

Overview

LSDA mailbox locks can be used to replace those used in most North American boxes. Each kit contains a selection of 5 cams, matching those used in boxes from Florence, Bommer, Riopel, Canadian Mailbox, Auth Electric and Security Manufacturing.

Features

The interior lock is used on many apartment building boxes in a lobby or vestibule.

The exterior lock, with a spring-loaded shutter, is USPS approved for mailbox clusters found in apartment and condo complexes, business parks, and in many newer neighborhoods of single-family homes.
